Co "L", 3d Bn, 3d Marines

Capt P.W.FUETTERER

Co "M", 3d Bn, 3d Marines

Capt C.M.MORRIS

PART II

NARRATIVE SUMMARY1. GENERAL

a. At the beginning of the period 3/3 was in position within TAOR conducting patrols, ambushes, village searches and generally improving positions. On 1 June, 3/3 began expanding its assigned TAOR in accordance with 4th Marines Frag Order #6 and 3/3 Frag Order #15. The Battalion CP displaced to a new location at BT 566044.

b. Upon completion of the moves directed by Frag Order #15 the Battalion began saturation patrolling of the added area. Daily village searches were conducted and a Civil Affairs Program was instituted in the hamlets and villages. The period was characterized by small probes of one or two individuals at night with intermittent small arms fire against all positions. Reaction forces gained negative results. Searches and sweeps resulted in the apprehension of several civilians in the purchased area who were delivered to the collection point for processing.

c. On 11 June 3/3 commenced execution of 4th Marines Frag Order #7 and 3/3 Frag Order #29. Companies "K" and "L" began constructing positions on the MLR, while Company "I" began constructing a series of Combat Outposts. Company "M" was placed in Regimental Reserve and began constructing defensive positions West of the airfield. A river check point was established at the mouth of the SONG TRA BUNG at BT 612020. Control of river traffic was begun in addition to the population control measures in practice within the Battalion sector. Extensive patrolling was conducted forward of the MLR to the limits of the Battalion sector. Patrol results varied from no contact to engagement with Viet Cong suspects. A company sized patrol was conducted every day during daylight hours and a minimum of two (2) squad sized patrols in addition to layouts and ambushes were conducted every night. A road block was established by Company "L" at BT 540027. The roadblock checks all traffic between the hours of 0601 -1900 and halts all movements from 1901 to 0600.

d. The Battalion maintained the same posture through the rest of the reporting period, until 29 June when a Battalion search and destroy operation was conducted within the extended Regimental TAOR.

2. MISSIONS ASSIGNED

a. RLT -4 Frag Order #6 was received by BMT 3/3 (-) on 1 June 1965. The mission assigned was:

(1) On order, expand, occupy and control TAOR #3. Coordinate occupation with Provincial Chief of QUANG NGAI Province.

(2) Provide external security for BSA.

(3) Coordinate the defensive efforts of all service and support units within the TAOR #3.

(5) Conduct operations to ensure that unauthorized personnel do not enter, or are quickly apprehended if found in the Purchased Land Area within TAOR #3.

(6) On order establish a traffic control point vicinity grid coordinates 540027 to check the entry of civilians and vehicles into Regimental TAOR. Be especially observant for vehicles or packages containing explosives.

(7) Conduct observation and surveillance of villages in assigned TAOR.

(8) Conduct surveillance of seaward approaches to repel counter-landing and prohibit entry of infiltrators.

(9) Conduct aggressive counter-guerrilla operations within TAOR to locate and destroy Viet Cong Units and supplies.

(10) Be prepared to conduct extended patrolling in force within adjacent areas to locate and destroy known or suspected Viet Cong Concentrations.

(11) Be prepared to conduct civil affairs operations in TAOR-#3.

(12) When required, coordinate activities, plans or operations through liaison personnel provided by 1st Bn, 4th Marines to QUANG NGAI Province.

b. RLT-4 Frag Order #7 was received by BLT 3/3 on 9 June 1965, and RLT-4 Frag Order #8 was received by BLT 3/3 on 27 June 1965. The mission assigned was:

(1) To occupy and defend South (left) portion of Regimental sector.

(2) Establish and maintain a combat outpost line within our sector.

(3) Establish such traffic control points along Route #1, as necessary to check and control movement of civilians through our sector.

(4) Provide liaison personnel to effect positive coordination with 2d ARVN Division, QUANG NGAI.

(5) Provide one (1) rifle company as regimental reserve.

(6) Conduct surveillance of seaward approaches to repel counter-landing and prohibit entry of infiltrators.

3. OPERATIONS PARTICIPATION

a. During the greater part of the period 3/3 conducted company and small unit operations within assigned TAOR as required by the missions assigned.

b. On 29 June 1965, 3/3 participated in search and destroy operations from the SONG TRA BONG to the road running from BT 623008 to BS 660984, the mission to destroy all Viet Cong facilities within the area and kill or capture all Viet Cong found.

4. TERRAIN AND WEATHER

a. Weather. Precipitation during the month of June occurred in the form of showers in the late afternoon to early evening and between midnight and daylight. We received about twelve (12) days rain in June with total precipitation estimated at two and one half inches. Temperatures ranged from 77 degrees in the early morning to 94 degrees in the afternoon with an average temperature of 84 degrees and an average humidity of 82%. Predominate surface winds of 7-8 knots from the East over the sea helped cool the area along the coast. Cloud cover has been minimal permitting almost continuous air operations. From July to November we anticipate light rain, interspersed with thundershowers and some dry periods. Typhoons are not expected to be a problem. The best available estimates indicate the average annual rainfall for this area is about 70 inches.

b. Terrain. Terrain within our TAOR is accurately configured on on the TAI BINH and SON TRA maps (Series L701, Sheets 6757 II and 6757 II, compiled in 1963 by the Army Map Service) as seen it is gently rolling sand dunes interspersed with small pine tree growth (average height 6-8 feet), rice paddies, stone temples, and huts. Most of the huts behind our FABA have been destroyed. The highest hill is 28 meters as shown on the map, and this area is readily adaptable to the use of tracked vehicles. The area can also be traversed by mites using circuitous routes.

5. Morale and Discipline

a. Postal Services. Incoming mail service is considered barely adequate. Mail is received on the average of three (3) days per week. Outgoing mail service is satisfactory.

b. Special Services. During the past two (2) weeks movies have been shown in the Battalion CP almost every night. This is considered excellent. Limited athletic equipment is available for the troops and is well used. On several occasions beer has been purchased for all hands with special services funds.

c. Food Service. Our battalion messhall is in operation and serving two (2) full meals each day with soup served for the noon meal. This service is considered excellent. "A" rations are served approximately six (6) times per week and are well received.

d. Exchange Services. There is an exchange located in the 4th Marines CP. Supplies are extremely limited and for intents and purposes unused by the front line Marines.

e. Pay. Pay services are adequate. Checks are not available and this lack may cause financial problems if the situation is not remedied.

f. Liberty. Same as last month.

g. Discipline. During this month legal activity was unusually heavy both NJP and Courts-Martial cases. The preponderance of offenses were Articles 92 and 113 and seemed to reflect the pains of adjustment stemming from the strenuous activity of building defensive positions and the climate of VIETNAM. Although the courts generally awarded a BCD for an Article 113 offense, in all cases this part of the sentence was, at the CA's level, either suspended or disapproved.

NJP-20 SCM-3 SPCM-5 SPCM(BCD)-6

The above actions are broken down as follows:

Violation of Article #86 - 1, 91 - 3, 92 - 16, 113 - 10, 108 - 1, 121 - 1
134 - 1.

PART IIICHRONOLOGICAL NARRATIVE

1 June 1965. Company "M" reported movement to their front and requested 81mm illumination. Negative contact. Company "I" fired two (2) rounds 7.62mm and one (1) flare at suspected VCS movement with negative results.

2 June 1965. The Battalion commenced extending its assigned TAOR. The Commanding General, 3d MarDiv visited 3/3 CP and was briefed on the current situation. The remainder of personnel who were OJT during the month of April arrived in GBU LAL area from Okinawa. At 2200 3/3 CP received three (3) rounds sniper fire. Illumination was fired with negative results. At 2300, "I" Company reported one (1) VCS fleeing into woods at BT 568040. Two (2) M-79 rounds were fired with negative results.

3 June 1965. Patrol sweep of purchased area produced negative results. At 0830, four (4) Vietnamese were apprehended vicinity BT 558038 and turned into the collection point. At 1800 "I" Company reported receiving ten (10) rounds of SA fire BT 558034. "I" Company fired two (2) rounds in return with negative results.

4 June 1965. The Battalion continued to organize and consolidate new positions in expanded TAOR. Aggressive patrolling was being conducted by all units. At 0830 "K" Company reported the use of hand smoke to keep people out of its assigned area vicinity BT 609001. Interpreter sent to talk to people. At 1850, 81's commenced registration and ceased fire at 1940. At 2145, "I" Company fired on VCS sniper vicinity BT 566043. Hand illumination and two (2) M-79 rounds were fired. The VCS appeared to be hit by second round. A search of area proved negative.

5 June 1965. "I" Company conducted a motorized sweep BT 568027 to BT 564020 with negative results. "I" Company patrolled from BT 563028 to BT 552035 with negative results. At 2340 Company "K" reported three (3) VCS vicinity BT 610005. Two (2) M-79 rounds fired with negative results.

6 June 1965. Company "K" reported one (1) Marine bitten by snake and requested helicopter evacuation. Subsequently determined to be insect bite. At 0420 Company "I" reported receiving two (2) rounds SA fire from BT 559029. No return action taken. At 0508 the 81mm Mortar position reported observing two (2) helicopters from LPH-2 (IWO JIMA) collide and burst into flames and crash into the sea. At 0745 Company "I" apprehended six (6) VCS vicinity BT 551038 and 3 civilians at BT 565035. All were forwarded to the collection point. Company "I" swept grid squares 5204, 5304, 5303, 5403 and 5402. At 1625 Company "I" reported picking up sixteen (16) civilians in their area of operations and turning them into the collection point. House vicinity BT 542020 was burned which touched off a secondary explosion, possibly a grenade. Trails vicinity BT 550025 show heavy use.

7 June 1965. At 0545 "M" and "K" Companies commenced search and destroy operations in conjunction with local forces in Hamlets of MY HUE (1) BS 613983, MY HUE (2) BS 606983 and MY HUE (3), BS 604983. Four hundred eighty (480) civilians were screened. Company "K" provided blocking force at BS 600985 to BS 610984 while Company "M" swept West to East. At 1400 Commanding General, 3d MarDiv visited 3/3 CP.

8 June 1965. At 0002 Company "M" reported movement vicinity BS 571958. Twenty (20) rounds 7.62mm, two (2) 82mm illumination and one (1) hand illumination expended. A check of area proved negative. At 1030 Company "I" completed sweep of HOA VAN (2) vicinity BT 7501 and 7502. Eight (8) VCS were apprehended and forwarded to the collection point. HOA VAN (1) vicinity BT 555025 was swept at 1420 with negative results. During the remainder of the day various layout patrols were planned and executed.

9 June 1965. At 1130 Company "K" was directed to investigate VCS occupation of hill at BT 614009. A sweep of the area was made with negative contact. As the 3d Platoon of "K" Company fanned out in a line extending from BT 610010 to BT 614014 and moved toward the SONG TRA BONG to search some sampans, a heavy burst of fire was received from BT 619010. A second burst of fire was received fatally wounding one (1) Marine. Six (6) rounds of 105mm WP was called in. The artillery fire caused the enemy to discontinue firing. Forty (40) VCS were apprehended, interrogated and nine (9) were forwarded to the collection point. The rest were released as their papers were in order. During the aforementioned fire fight "K" Company sustained one (1) KIA and one (1) VC was seen to fall as a result of small arms fire returned. The enemy fired approximately eight hundred (800) to one thousand (1000) SA rounds. Company "K" fired approximately one thousand one hundred (1100) SA rounds, six (6) M-79's and two (2) 3.5" rounds.

10 June 1965. At 0440, Company "M" received a light probe in the vicinity of BS 574967. One (1) grenade and one (1) hand illumination was expended. Size of proving party not determined. Investigation proved negative. At 2100 "K" and "L" Companies moved into position to conduct sweep operations vicinity VINH AN (1) and (2) located at BT 612010. At 2206, 3/3 CP received several rounds of SA fire. At 2250 AmTrac's reported seven (7) VCS between them and 3/3 CP. Construction of the FEBA was commenced. Company "M" reverted to regimental reserve.

11 June 1965. At 0625 PAT's started checking sampans in preparation for the scheduled sweep of "K" and "L" Companies. The sweep commenced at 1030. Six (6) VCS were apprehended and returned to the collection point. At 1400 "K" and "L" Companies moved to their designated FEBA positions. The night was relatively quiet. The 3d Plat, Co "A", 3d ATBn fired using their indirect firing tables with good results from a position 1000 meters Southeast of the Battalion CP. Rounds fired impacted in BT 6405 and BT 6404. Btry "C", 1st Bn, 12th Marines, fired harassing and interdiction fires into GS BT 6405 and BT 6404. Good effect on targets.

12 June 1965. Units continued improving their respective defensive positions. At 2100, Btry "C", 1st Bn, 12th Marines fired harassing and interdiction fires.

13 June 1965. At 1840, a reinforced squad and two (2) medium tanks took up positions vicinity BT 612020 to endeavor to control river traffic on the SONG TRA BONG. At 1935, a sampan was sighted vicinity BT 615023. It was illuminated, challenged, three (3) warning shots were fired, it failed to respond, and it was then sunk. For the most part, the day was quiet with all companies patrolling as assigned.

14 June 1965. At 1445 a flash type fire caused by excessive heat, occurred on a M-274 of Company "I" loaded with ammunition vicinity BT 568036. There was an explosion causing M-79 rounds and M-26 Frag Grenades to be scattered about the area. There were no casualties and EOD was called in to clear the area. At 1707, eight (8) civilians were apprehended vicinity BT 575037 by a squad from Company "K". All were turned into the collection point.

15 June 1965. The day was quiet. All companies patrolled within their assigned sectors with negative results. At 2215 an undetermined number of VCS approached Company "L" positions vicinity BT 548027. They threw a grenade wounding two (2) Marines superficially. Approximately forty (40) rounds of small arms fire were delivered in return plus one (1) hand illumination with no known results.

16 June 1965. At 0730 a Marine was struck in the left hand by a round from an accidentally discharged .50 Cal spotting rifle. The Marine in question lost four (4) fingers as a result of the accident. At 0910, Company "L" apprehended eleven (11) VCS vicinity BT 555027 and BT 559027. They were interrogated and three (3) suspects were sent to the collection point.

17 June 1965. During the day, no action of consequence occurred. All companies improved their respective defensive positions. Surveillance of the SONG TRA BONG was continued, and aggressive patrolling was carried on.

18 June 1965. During the late morning hours, Company "L" reported one (1) Vietnamese civilian was killed and two (2) wounded in two (2) separate actions. Numerous civilians have been rounded up and dispatched to the collection point.

19-20 June 1965. During the period all companies continued to improve their respective defensive positions. Surveillance of the SONG TRA BONG is being maintained. Aggressive patrolling is being carried on by all units.

21 June 1965. At 0155 fifteen (15) VCS were encountered by Company "I" vicinity BT 587028. Six (6) rounds small arms fired with illumination and (3) received. Negative results. All defensive positions are being improved.

22 June 1965. At 0910, a Marine was evacuated by helicopter from vicinity BS 550998. The evacuee had contracted pneumonia. Company "I" apprehended a VCS vicinity BT 578025, and forwarded him to the collection point. Aggressive patrolling is being carried on by all units.

23-24 June 1965. During period all companies continued to improve their respective defensive positions. Patrolling of purchased area was carried out by all units.

25 June 1965. Construction of the COPL and FEBA was discontinued pending receipt of additional orders. Aggressive patrolling was carried on throughout the period.

26-28 June 1965. During period all companies continued to improve their respective defensive positions. Patrolling of purchased area was carried out by all units.

29 June 1965. At 0830 Company "I" was lifted into LZ BLUE located at BS 652986. The lift was completed at 0910 and Company "I" along with Company "K" formed on line to commence sweep operation. Three (3) VCS were flushed out and one (1) VC was killed as he tried to escape by swimming a river at BS 642972. No weapons was recovered due to silt on river bottom. Two (2) prisoners were taken at BS 639981. The company continued to move and arrived at PL PEGGY at 1215. After regrouping two (2) prisoners were captured at BS 636975 and four (4) captured at BS 683984. Additionally, a burlap bag containing medical supplies and a modified, rusted, bolt action rifle (less trigger group) were uncovered in a search of THUONG HOA (2) at BS 627974 and BS 625975. VCS were spotted, pursued and eight (8) VC were killed as they tried to swim river at BS 618978. Two (2) addition VC were killed at BS 624976. Twenty four (24) VCS were taken prisoner two (2) of whom were wounded. SA fire was received from BS 562982. VC attempted to swim river and four (4) were killed. Eleven (11) prisoners were taken at BS 622982. Company "I" moved to landing zone at BS 631988 arriving at 1710, and were lifted to BT 565043. The lift was secured at 1830. At 0805 elements of Company "K" landed in LZ BLUE located at BS 652986 at 0802 two (2) VC were sighted in a bunker at BS 637986. An air strike was called with the bunker being destroyed. At 0910 the helicopter lift completed and Company "K" in conjunction with Company "I" formed a line to commence sweep operations. At 1505, three (3) VCS were sighted at BS 626991. They were taken under fire with negative results. The beach line was searched and swept with negative results. Company "K" secured LZ PINK. The helicopter lift of the company was completed at 1920. At 0630, Company "L" with attachments boarded LVT's and departed for the objective area. At 0700, the first LVT's went ashore at BT 632023 in the objective area and proceeded to their assigned blocking positions on the high ground at BS 633997 to BS 640994 arriving in position at 0742. No enemy contact had been made. At approximately 1020, the platoon Commander, 1st platoon, Company "L" left by LVT with an engineer detail of four (4) Marines and reinforced squad to search and blow caves located in vicinity of BS 620003.

Upon debarking, the patrol started sweep of area and received about four (4) rounds of sniper fire. At approximately 1240, the tunnel was located. One (1) engineer and one (1) fire team returned to the LVT to pick up demolitions. While proceeding to the LVT, the four (4) men received sniper fire. The Platoon Commander, and the rest of the detail returned back to where the firing was occurring. The detail returned to the LVT, resupplied with water and held up while artillery was firing in the area. The patrol proceeded back through some village houses and then into a rice paddy. As they proceeded through the rice paddy, the patrol was taken under fire from front, rear and flank. The men could not detect where the fire was coming from. Initial burst was about 15 rounds. At 1430 the men took cover and received sporadic fire. One (1) Marine was detailed to go back and get the LVT up to their position. The Platoon Sergeant, 1st Platoon, boarded the LVT and returned with a squad about 1600. Four (4) LVT's were dispatched. Contact was made with the platoon commander. He boarded the other LVT's with the mules and troops and started back to Company CP. One (1) LVT threw a track. Defensive positions were established in order to repair the LVT. While working on the LVT, two (2) LVT men were hit by sniper fire. They could not effect repair of the track. The order had been given to destroy the LVT. The LVT (3-18) was stripped of all gear, saturated with gasoline and hit with one (1) 3.5" WP round which ignited the vehicle. An additional round of HEAT was fired. During the period 0630 to 2100 June 1965 Company "M" manned the Battalion FEBA while units participated in the battalion search and destroy operation.

20 June 1965. Patrolling of purchased area was carried out by all units.

FRAG ORDER # 25

Ref: (a) Map, VIETNAM, 1:50,000, AMS Series L701, Sheets 6757II, 6757III

Time Zone: H

1. SITUATION

a. Enemy. Current ISUS

b. Friendly.

- (1) 4th Marines continues assigned mission within TAC.
- (2) Howler Btry, (Rein), 3rd Bn, 12th Marines, attached.
- (3) "C" Btry, 1st Bn, 12th Marines, direct support.
- (4) Co "A" (-) 1st AmTracBn, attached.
- (5) Co "C" (-) 3rd TkBn, attached.
- (6) 3d Plat Co "A" 3d ATBn, attached.
- (7) Naval Gunfire Support is available.
- (8) VNAF Forces will be assigned to assist 3/3 in this operation.
- (9) 1st Bn, 4th Marines will lend support as required.
- (10) MAG 12 and HMM 161 will support as required.

c. Attachments and Detachments. See (Annex A) Task Organization.

2. MISSION. Sweep and search operations area ZULU from the SONG TRA BONG to the East Coast of the ZULU Area. Destroy all Viet Cong facilities within the area. Kill or capture all Viet Cong found in the area.

3. EXECUTION

a. Concept of Operations. Helilift one company into the Southeast portion of the ZULU Area to act as a blocking force in conjunction with VNAF Forces. Land two companies by LVTP-5 on the East bank of the SONG TRA BONG to sweep easterly and seize the high ground on Phase Line CABBAGE at 639996 to 644984. One company with tanks and ontos conduct a shore to shore operation via LCU and LCM-8, at the mouth of the SONG TRA BONG, clear villages along east banks of SONG TRA BONG, join with the two LVT borne companies and sweep to Phase Line CARROT from 675985 to 656013 to 640026. On order the blocking force company will sweep and search in a northerly direction along the east bank of the BAU CA CAI to Phase Line CUCUMBER from 665007 to 673010. With two (2)

companies sweep the area from Phase Line CUCUMBER to the northern tips of the peninsula on the east banks of the SONG MOI. One company sweep the area from Phase Line CARROT to the SON MOI. One company with VNAF assume blocking positions across base of peninsula to protect Battalion rear area. On order return to positions within TAOR via LVT- LCU, LCM-8 and helicopter. Annex B (Operation Overlay).

b. COMPANY "I". On order, helilift to blocking positions along Phase Line COCONUT; be prepared to sweep in a northerly direction on the east bank of the SONG MOI. Annex B (Operation Overlay). On order return to TAOR by LVT.

c. COMPANY "J". On order, conduct shore to shore landing in the vicinity of the mouth of the SONG TRA BONG; secure beach until arrival of all tracked and wheel vehicles, sweep villages on the east bank of the SONG TRA BONG; move to Phase Line CABBAGE; be prepared to continue the advance on order. On order return to TAOR via LVT/LCM-8.

d. COMPANY "K". Cross the SONG TRA BONG in zone; sweep to Phase Line CABBAGE; be prepared to continue advance on order; be prepared to establish blocking positions to protect rear of Battalion; on order helilift to positions within TAOR.

d. COMPANY "M". Cross the SONG TRA BONG in Zone; sweep to Phase Line CABBAGE; be prepared to continue the advance on order; on order return by LVT to positions within TAOR.

e. COMPANY "A" (-). 1st AMTracBn. On order lift Companies "M" and "K" across the SONG TRA BONG. On completion of river crossing attach eight vehicles to Company "M" and eight to Company "L"; Be prepared to return elements of 3d to assigned TAOR.

f. COMPANY "C" (-). 3d TKBn. On order conduct shore to shore movement in the vicinity of the mouth of the SONG TRA BONG and occupy assembly area until all tanks are ashore. Attach one platoon with flame tanks to Company "K" after Company "L" has cleared villages on east bank of SONG TRA BONG; attach one platoon to Company "L". Be prepared to return to TAOR by LCU/LCM-8 on order.

g. HOWTAP RTTY. 3rd Bn, 12th Marines. On order helilift to the vicinity of Phase Line COCONUT; provide support for sweep of area; be prepared to helilift to TAOR upon completion of operation. Naval Gunfire Spot Team initially assigned to Company "M".

h. 3d Plat. Co "A". 3d LTBn. On order conduct shore to shore movement in the vicinity of the mouth of the SONG TRA BONG and occupy assembly area until all vehicles are ashore. Attached to Company "M" after Company "L" clears villages along the east coast of the SONG TRA BONG. Be prepared to attach heavy section to Company "K" at Phase Line CARROT.

i. 81mm MORTAR Plat. H&S Co. Initially support attack from Company "K" positions in TAOR. Be prepared to displace across the SONG TRA BONG on order.

j. H&S Co (-). Provide personnel for CE group to include FAC Team and two sections of 106ER Platoon.

k. Coordinating Instructions

- (1) D-Day, H-Hour to be announced.
- (2) Company "I" and Howler Btry assemble on order at LZ CARDINAL.
- (3) Companies "K", "M" and Company "A" (-), 1st AmTracBn assemble vicinity Company "K" positions in TAOR.
- (4) Company "L" and tracked and wheeled vehicles assemble at a place to be designated.
- (5) Popular Force/ VNAF personnel will join companies in assembly areas.
- (6) Contact is left to right.

4. ADMINISTRATION AND LOGISTICS.

a. Civil Affairs

- (1) Village searches will be conducted by Popular Forces. Popular Forces will conduct all seizures and destruction.
- (2) Caches of rice and other usable products found in possession of suspected Viet Cong will be collected and turned over to the Civil Affairs Officer for redistribution to the local populace.
- (3) Items of intelligence value will be turned in to the S-2.
- (4) All civil affairs problems will be brought to the immediate attention of the Civil Affairs Officer

b. Logistics

- (1) General - Supplies will flow from the rear forward and resupply will be made upon request. Delivery will be made as near as possible to the requesting CO.
- (2) Supplies and equipment available
 - a. Class I - available as needed
 - b. Class II - in hands of user
 - c. Class III - available as needed
 - d. Class IV - limited supply may be available
 - e. Class V - available as needed except that illumination is becoming short.

(3) Control and distribution

a. Each unit will have two (2) Basic Allowances of ammunition in their possession.

b. Each unit will have one (1) ration in the hands of troops. Twenty (20) rations will be carried on organic transportation within the companies. In addition one day's ration will be on supporting vehicles with the companies.

c. Resupply will be upon request. Two (2) additional BAs and 2 days meals will be immediately available.

d. Responsibility for resupply rests with the Battalion S-4. Supplies will come from the Battalion C.P. area.

e. Air delivery will be made from the C.P. area to company positions.

f. Captured material will be handled in accordance with BnO 3800.10.

(4) Evacuation and Hospitalization

a. Units will attempt to evacuate casualties to a central location for pickup. If the casualty is in danger of losing life or limb helicopter pickup will be used and individual will be taken to the hospital located at the Main BSA. A very serious case will be evacuated to the BAS at the Bn CP, to be designated in the objective area. See Operation Overlay.

(5) Service

a. Engineer assistance will be available in the objective area; other services will remain in the BSA.

(6) Miscellaneous

a. K&S Co (-) will be in the location of the present CP. Administrative, Supply and Motor Transport personnel will be responsible for the security of the present CP.

b. Normal arms and equipment with a light marching pack for carrying rations and ammo only.

5. COMMAND AND COMMUNICATIONS

a. Communications - normal

b. CP remains at present location

c. CP initially in Company "K" position in TAOB, at coord 607000. OP group will displace by helicopter on order. New location to be announced

 To: 3d Bn (Rein), 3d Marines

Info: CO, 4th Marines
 CO, 1st Bn (Rein), 4th Marines
 CO, 2nd Bn (Rein), 4th Marines
 CO, 3d Bn (Rein), 12th Marines

FRAG ORDER #29

SITUATION

(A) Enemy. See current ISUM's.

(b) Friendly

- (1) 4th Marines defending sector in the CHU LAI area and conducting counter-guerrilla operations.
- (2) ARVN Forces operating to the South and West of 3/3 positions.
- (3) 2/4 occupying and defending center portion of 4th Marines sector and is on the right of 3/3.
- (4) 3/12 in direct support of the 4th Marines.

(c) Attachments and detachments

- (1) All sections of the 81mm Mortar Platoon, previously attached revert to Platoon control except for FO Teams which remain attached.
- (2) All sections of the 106RR Platoon previously attached revert to Platoon control except 2nd Section which remains attached to Company "K".
- (3) Light section, 3d Platoon, Co "A", 3d ATBn, attached to Company "L".
- (4) Artillery FO Teams, normal attachments.
- (5) Det, Scouts, H&SCo, attached to Company "I" for assignment to COPL.

MISSION. Occupy and defend South (left) portion of Regimental Sector. Establish and maintain combat outposts within sector, establish traffic control points along Route #1 as necessary to check and control movement of civilians as necessary, provide liaison personnel to QUANG NGAI.

Provide one rifle company as Regimental Reserve, and conduct surveillance of seaward approaches to repel counter landings and prohibit entry of infiltrators.

EXECUTION

- (a) Concept. 3d Bn, 3d Marines defend along assigned sector with two rifle companies reinforced, with one company in Battalion Reserve. Reserve company to construct occupy and defend the combat outpost line and provide a ready reaction force for employment in the Battalion sector. To aggressively patrol assigned sector within Regimental area to conduct counter-guerrilla operations and effect population control.
- (b) See Annex A (Operations Overlay)
- (c) Company "M". Regimental Reserve.
- (d) Company "K".
 - (1) Occupy, construct and defend positions in Battalion sector from 574036 to 560026.
 - (2) Be prepared to conduct combat and reconnaissance patrols within Battalion sector.
 - (3) Conduct surveillance of seaward approaches to repel counter landing and prohibit entry of infiltrators.
- (e) Company "L"
 - (1) Occupy, construct and defend positions in Battalion sector from 560026 to 540025.
 - (2) Be prepared to conduct combat and reconnaissance patrols within Battalion sector.
 - (3) Establish traffic control point on Highway #1 within sector to check and control movement of civilians.
- (f) Battalion Reserve
 - (1) Company "I".
 - (2) Reserve Company will occupy an assembly area vicinity 560040.
 - (3) Provide one platoon to assist in Battalion CP security and to act as a ready reaction force for employment anywhere in the Battalion sector.
 - (4) Occupy, construct and defend outposts at 550996, 560996, 555008, 572017 and 583026.

(g) Attached Units

- (1) 3d Plat, Co "B", 3d ReconBn. Be prepared to conduct surveillance and reconnaissance patrols forward of the CPOL within Battalion sector.
- (2) 3d Plat, Co "A", 3d ATBn. Attach a light section to Company "L". Be prepared to support combat and reconnaissance patrols. Be prepared to assist in repelling counter landings.
- (3) 3d Plat, Co "A", 3d TankBn. Be prepared to support reaction force anywhere within Battalion sector. Be prepared to support reconnaissance and combat patrols.
- (4) Det, Co "B", 3d AmTracBn. Provide support as required.

(h) Coordinating Instructions

- (1) This order effective on receipt.
- (2) All companies will construct positions for Company Command Post operations.
- (3) Combat outposts withdraw on order from this Headquarters.
- (4) Coordinate all patrols with combat outposts.
- (5) All outposts will provide for all around security, be heavily fortified using land mines and wire and will have over head cover to provide protection from friendly VT fires and other Artillery fires.
- (6) All defensive positions will be organized in depth whenever possible and will provide for all around security.
- (7) Prevent unnecessary destruction of civilians life and property.
- (8) Rules of engagement. (NO CHANGE)
- (9) Be prepared to conduct operations anywhere within the CHU LAI objective area.
- (10) Civilian curfew within the Battalion area commences at 1900. Traffic along the SONG TRA BONG also has a curfew at 1900. All units will enforce civilian curfew in so far as possible in the vicinity of their positions. Curfew on the SONG TRA BONG will be enforced by separate instructions.

- (11) Unauthorized personnel will not enter the purchased area. If found in the purchased area they will be immediately apprehended and delivered to the civilian collection point.
- (12) Each company on the MDR will be assigned one artillery barrage and one 81mm Mortar barrage. Submit locations of concentrations and barrages to the FSCC as soon as possible. Company "I" submit concentrations to provide all around fire support for the COPL.
- (13) Conduct observation and surveillance of villages within Battalion sector.

ADMINISTRATION AND LOGISTICS

- (a) Class I - Hot meals will be served for breakfast and dinner in the CP area. Companies desiring to utilize this facility will contact S-4 individually to arrange for the feeding of their troops. Hot meals will be "vac" canned to Lima Company. MCI's will be issued in the CP area for the noon meal. Rifle companies will draw MCI's one (1) day in advance for individuals utilizing same. Rifle companies will also feed MCI's for the noon meal to those personnel receiving "B" rations. The Battalion Supply section will at no time have more than 3500 MCI's on hand.
- (b) Water - Potable water may be obtained at the 3/3 water point at anytime. One (1) water trailer will be assigned to "L" Company for use with the immersion burners for messing. All other companies will be responsible for refilling their expeditionary cans at the water point. Shower hours will normally be from 1630 - 1830 daily. Any other desired shower times will be requested one (1) day in advance.
- (c) Class II - All class II supplies are now being utilized. Companies must submit Missing Gear Statements or a statement indicating the reason for unservicability before replacement items will be issued.
- (d) Class III - Available on a pick up basis at Battalion Motor Transport. The Battalion MTO will be responsible for maintaining the fuel dump.
- (e) Class IV - All fortification equipment is in extremely short supply and will be issued on a priority basis established by S-3. If any unit is subject to a move, all fortification equipment will be recovered and turned-in to Battalion for redistribution according to priority.
- (f) Class V - Companies will have one (1) Basic Allowance of ammunition in the hands of the troops. An additional one-half ($\frac{1}{2}$) BA should be maintained in the Company CP's. It is also desirable to locate additional ammunition at the outposts. Battalion Supply will maintain a BA of ammunition at the Bn CP.

Mines and related explosives will only be issued with the concurrence of S-3.

- (g) Transportation - Companies will have their normal organic vehicles. In addition LVT's will be assigned as follows:

"I" Company - 1 LVT

"K" Company - 2 LVT's

"L" Company - 2 LVT's

"M" Company - None

Other transportation may be available on request. Additional LVT's may be attached to the companies.

- (h) Resupply and coordination. Resupply will normally be Supply Point Distribution due to the LVT's being attached to the companies. Unit Distribution can be made available upon request. Companies maintaining CP's will be responsible for their resupply unless arrangements are made with the Battalion S-4.
- (i) Service - All services from supporting units will be requested forty-eight (48) hours in advance through the S-4.
- (j) Salvage and Captured Equipment - Normal.
- (k) Evacuation - Evacuate casualties to BAS by LVT. If a casualty is in danger of losing life or limb, helicopter evacuation may be used to the BSA. Companies will maintain a suitable marked LZ in their areas. Evacuation for the personnel naming the COPL will depend on the situation existing at the time.

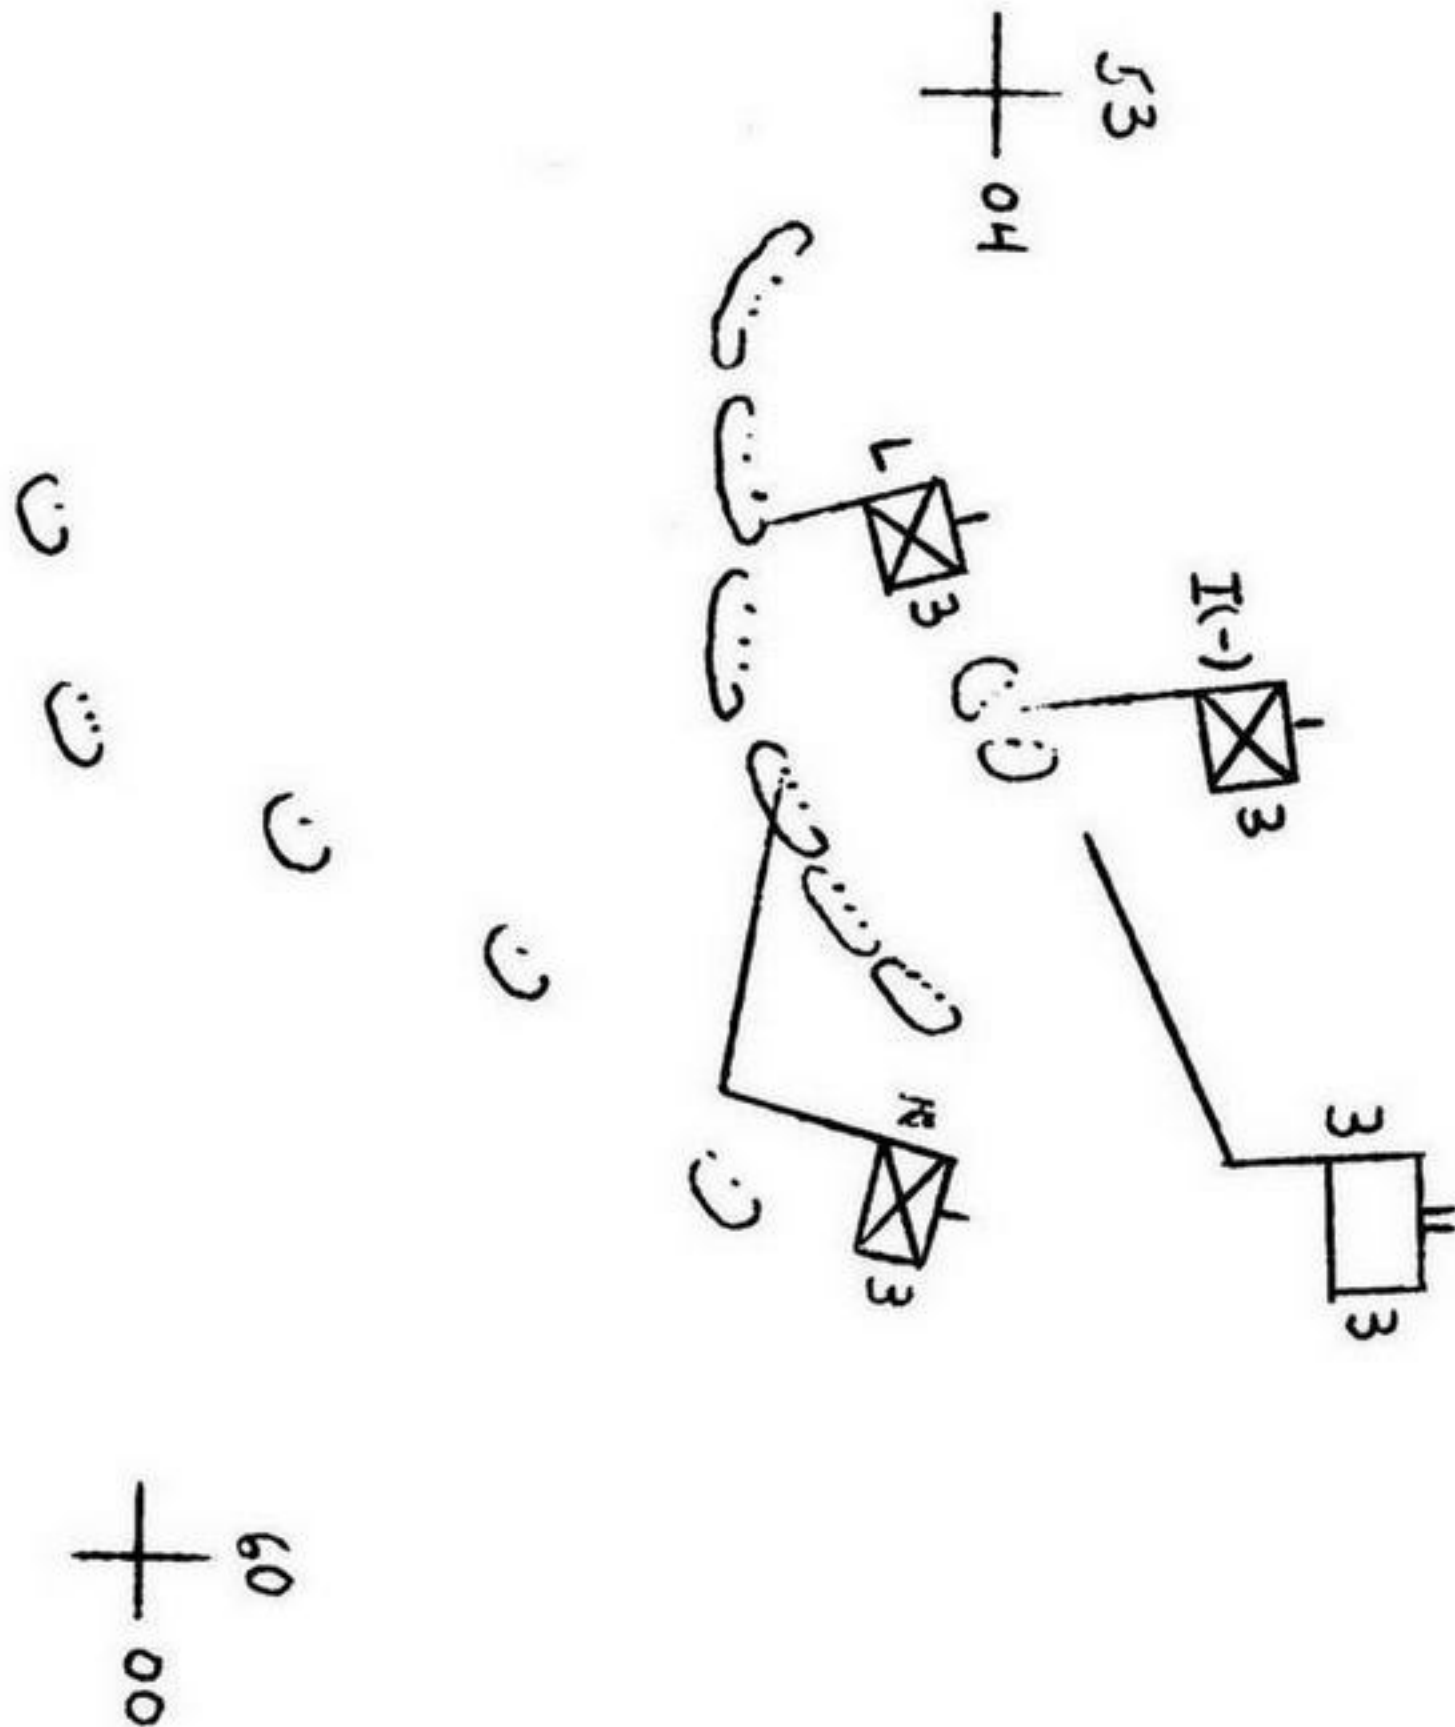

5. COMMAND AND COMMUNICATIONS -- ELECTRONICS

- (a) Normal
- (b) CP locations.
- (1) 3/3 remains the same.
- (2) Companies report locations when established.

Time Zone: H

1. SITUATION

a. Present Current ISUMS

b. Friendly

- (1) 4th Marines continues assigned mission within sector.
- (2) "C" Btry, 1st Bn, 12th Marines, direct support
- (3) Co "A" (-) 1st ArtBn, attached
- (4) Co "C" (-) 3d MABn, direct support
- (5) d Plat Co "A" 3d ATBn, attached
- (6) ___ Plat Co ___ 3d ReconBn, attached
- (7) VNAF Forces will be assigned to assist 3/3 in this operation
- (8) 3d Plat Co "A" 3d EngrBn, attached
- (9) Det. CI Team, FMFPAC, attached

c. Attachments and Detachments. See (Annex A) Task Organization.

2. MISSION. Sweep and search operations in ZULU area from the SONG TRA BONG to the road running from 623008 to 660984. Destroy all Viet Cong facilities within the area. Kill or capture all Viet Cong found in the area.

3. EXECUTION

a. Concept of Operation. Helilift one company to the vicinity of Hill 63 at 640988 to act as a blocking force in conjunction with VNAF Forces. Land two (2) companies (-) by LVT-5 on the east bank of the SONG TRA BONG vicinity 621007 and move overland to Phase Line CALICO. One platoon with tanks and ontos conduct a shore to shore operation via LCM-3 east of the mouth of the SONG TRA BONG. One platoon seize high ground from 624004 to 626005 and establish a collection and evacuation point on the beach. With two (2) companies (-) sweep the area from Phase Line CALICO to the southwestern tip of the peninsula on the east banks of the SONG TRA BONG. On order return to positions within the Battalion sector via LVT, LCM-3 and helicopter. Annex B (Operation Overlay).

b. COMPANY " ". On order, helilift to blocking positions vicinity Hill 83 vicinity coordinates 648988; be prepared to conduct sweep within zone, Annex B (Operation Overlay). On order return to 3/3 sector.

c. Plat. Company " ". On order conduct shore to shore landing in the vicinity of the mouth of the SONG TRA BONG; secure beach until arrival of all tracked and wheeled vehicles; block villages on the east bank of the SONG TRA BONG from 630011 to beach; be prepared to sweep. On order return to 3/3 sector via LVT/LCM-8.

d. COMPANY " ". Cross the SONG TRA BONG in column; move overland to positions on Phase Line CALICO; be prepared to sweep on order; detach lead platoon to secure high ground at 624004 to 626005; on order return to positions within 3/3 sector.

e. COMPANY " ". Cross the SONG TRA BONG behind Company " " move overland to Phase Line CALICO; be prepared to sweep on order. On order return to positions within 3/3 sector.

f. COMPANY "A" (-), 1st AmphBn. On order lift Companies " " and " " across the SONG TRA BONG and overland to positions on Phase Line CALICO. Attach three (3) LVT-5's to each of the following companies " ", " " and " ". Be prepared to return elements of 3/3 to assigned sector.

g. COMPANY "C" (-) 3d TBN. On order conduct shore to shore movement in the vicinity of the mouth of the SONG TRA BONG and occupy assembly area until all are ashore. Attach flame tanks to Company " " after blocking positions are established east of villages; be prepared to return to 3/3 sector by LCM-8 on order.

h. 3d Plat Co "A" 3d ATBN. On order conduct shore to shore movement in the vicinity of the mouth of the SONG TRA BONG. Block villages along the east coast of the SONG TRA BONG. Be prepared to return by LCM-8 to 3/3 sector.

i. 3d Plat Co "A" 3d EngBn. Attach one (1) squad to Companies _____ and _____ Platoon (-) displace across river on order. Provide mine detection demolitions assistance as required.

j. Plat Co " " 3d ReconBn. Mark river channel with buoy markers to facilitate movement of LVT at first light on D-Day. Provide guides to be helilifted with Company " " to be posted on road at 648994 to mark boundary between Company _____ and Company _____. Prior to D-Day reconnoiter exits from river crossing site to Phase Line CALICO. Provide guides with leading LVT. Remainder of platoon not employed as guides will provide crossing site security upon landing of Companies _____ and _____.

k. Headquarters Platoon H&S Co. Initially support river crossing from positions vicinity 617007. Be prepared to displace on order.

l. 1st Platoon, F&E Co. Establish one collection and evacuation point vicinity river crossing site on east bank. Establish second collection point vicinity 617020.

m. H&S Co (-). Provide personnel for OP Group; FAC Teams with helilift¹ Company and OP Group.

n. Coordinating Instructions.

- (1) D-Day, H-Hour to be announced.
- (2) Company _____ assemble vicinity _____ for helilift.
- (3) Companies _____ and _____ and Company "A" (-), 1st ~~AmTracBn~~ assemble vicinity 3/3 CP.
- (4) _____ Plat., Company _____ and tracked and wheeled vehicles assemble at a place to be designated.
- (5) Companies _____ and _____ be prepared to sweep north through villages along east bank of the SONG TRA LONG upon completion of sweep assigned in paragraphs 3.d and 3.e.
- (6) Popular Force/VNLF personnel will join companies in assembly areas.
- (7) Contact is left to right.

4. ADMINISTRATION AND LOGISTICS.

a. Civil Affairs

- (1) Village searches will be conducted by Popular Forces. Popular Forces will conduct all seizures and destruction.
- (2) Caches of rice and other usable products found in possession of suspected Viet Cong will be collected and turned over to the Civil Affairs Officer for redistribution to the local populace.
- (3) Items of intelligence value will be turned in to the S-2.
- (4) All civil affairs problems will be brought to the immediate attention of the Civil Affairs Officer.

b. Logistics

- (1) General - Supplies will flow from the rear forward and resupply will be made upon request. Delivery will be made as near as possible to the requesting Company.
- (2) Supplies and equipment available
 - a. Class I - available as needed
 - b. Class II - in hands of user
 - c. Class III- available as needed

d. Class IV - limited supply may be available

e. Class V - available as needed

f. Vehicles - CO Mite, S-3 Mite, S-2 Mite, Comm Mules (2)
Company Mules (6)

(3) Control and distribution

a. Each unit will have two (2) Basic Allowances of ammunition in their possession.

b. Each unit will have one meal in the hands of the troops. Twenty (20) water cans will be carried on organic transportation within the companies.

c. Resupply will be upon request.

d. Responsibility for resupply rests with the Battalion S-4. Supplies will come from the Battalion CP area.

e. Air delivery will be made from the CP area to company positions.

f. Captured material will be handled in accordance with BnO 3800.1C.

(4) Evacuation and Hospitalization

a. Units will attempt to evacuate casualties to a central location for pickup vicinity river crossing site. If the casualty is in danger of losing life or limb helicopter pickups will be made and individuals will be taken to "B" Co, 3d MedBn. Less serious cases will be evacuated to the BnS at the Bn CP to be designated in the objective area. See Operation Overlay.

(5) Service

a. Engineer assistance will be available in the objective area; other services will remain in the BSL.

(6) Miscellaneous

a. H&SCo (-) will be in the location of the present CP. Administrative, Supply, and Motor Transport personnel will be responsible for the security of the present CP.

b. Normal arms and equipment w/o packs, helmets and armored vests will be worn.

5. COMMAND AND COMMUNICATIONS

a. Communications - normal. LVT (c) will be used as mobile CP and will activate Battalion and Regimental Tac Nets.

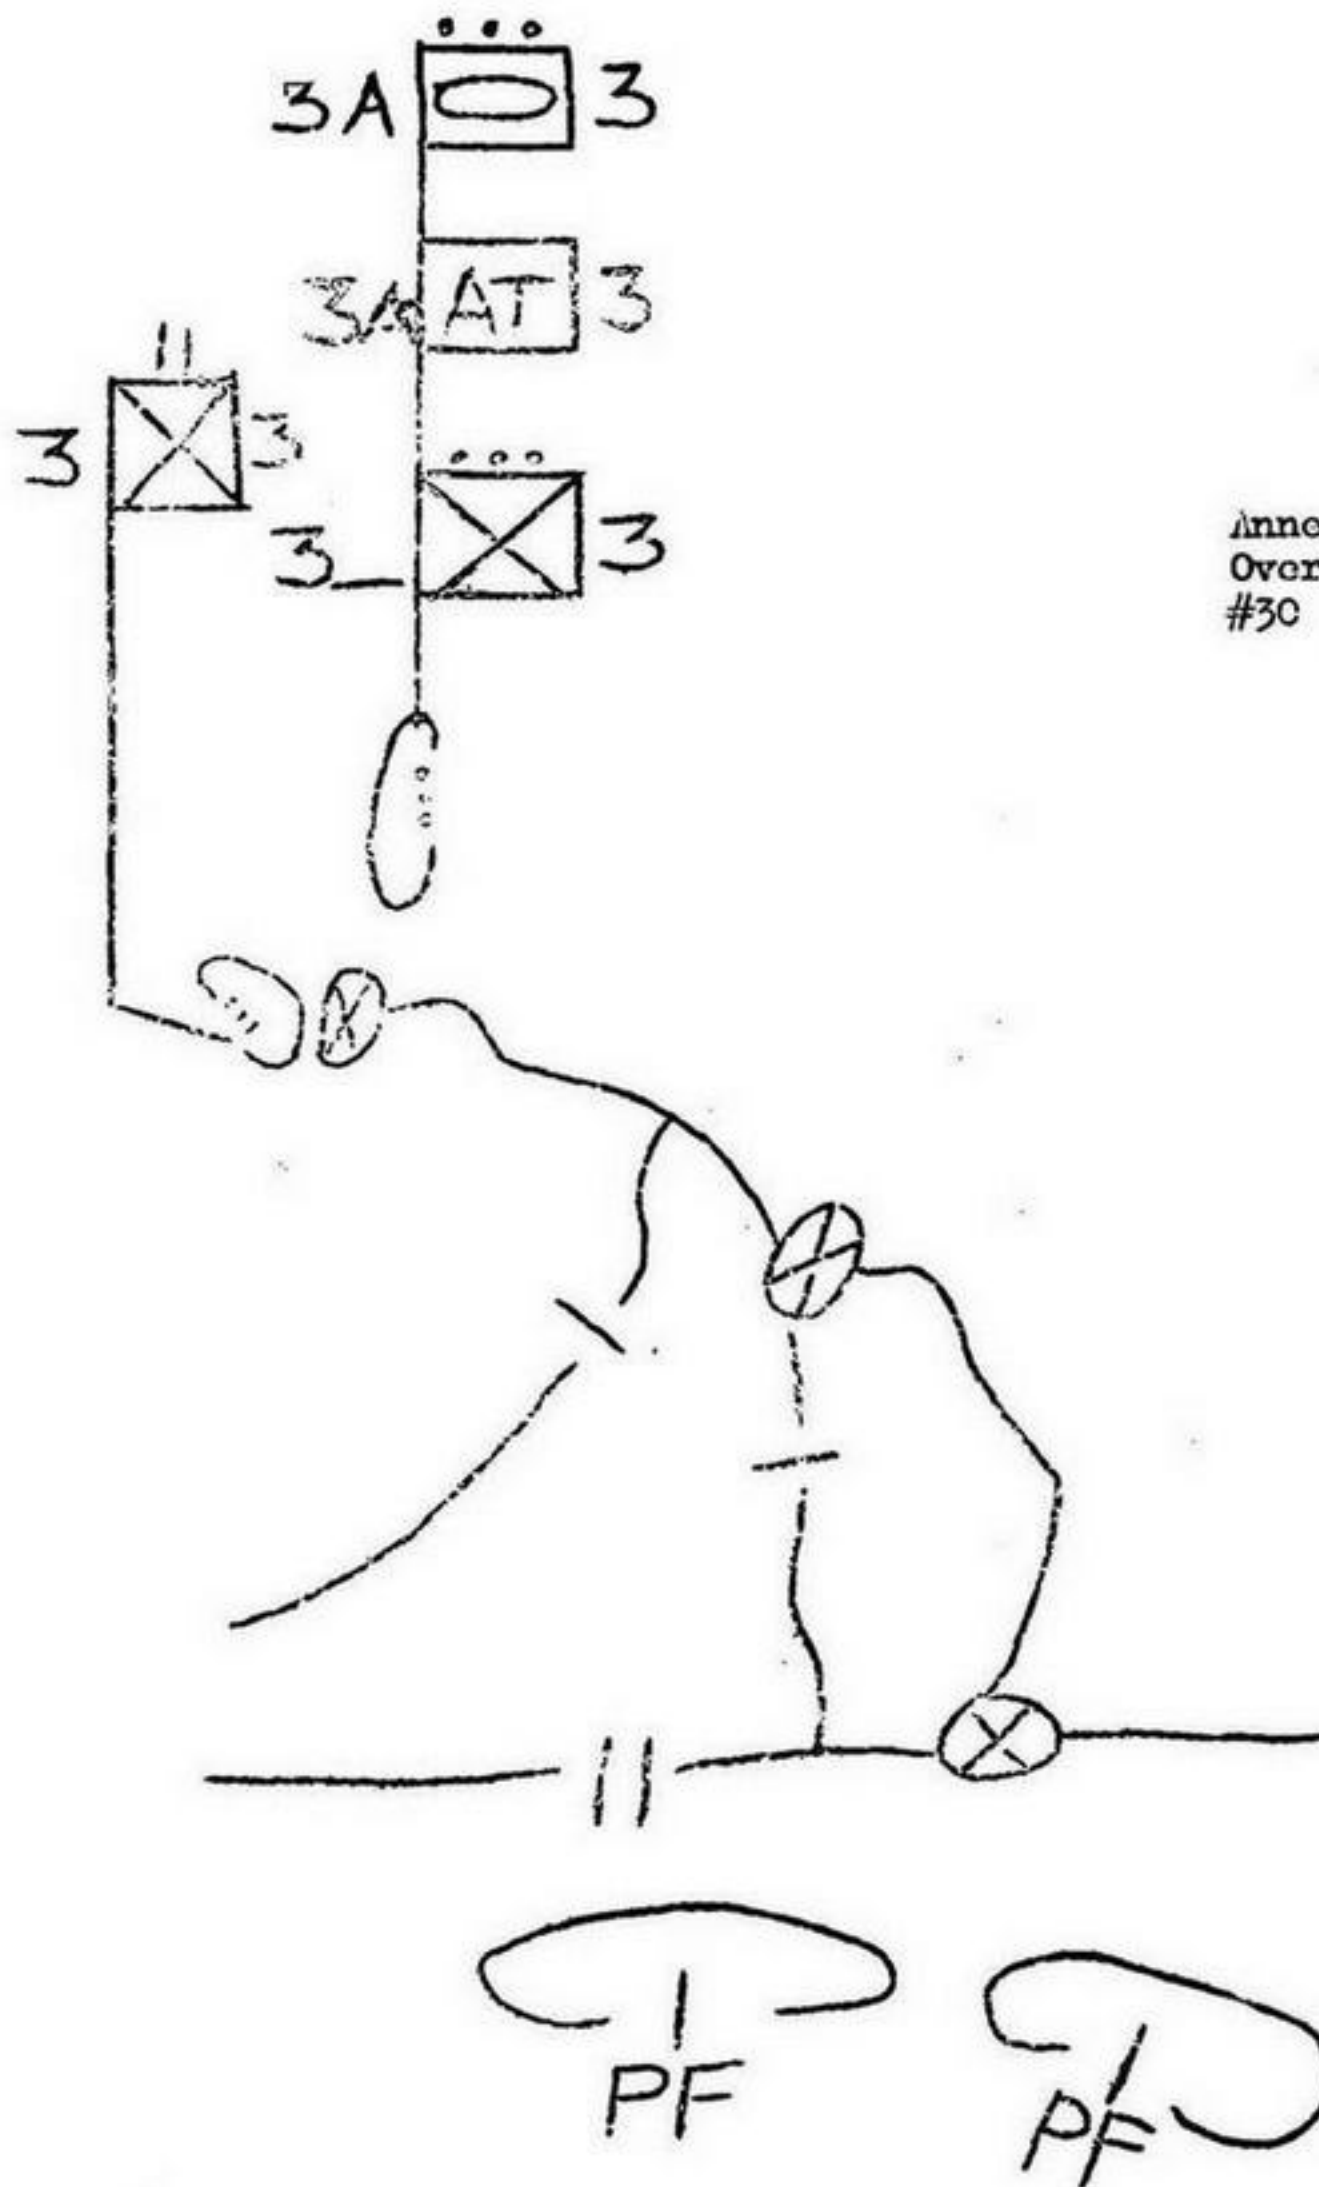

- b. CP remains at present location.
- c. OP initially at 616017. OP group will displace by LVT (c) on order. New location to be announced.

c. Attachments and Detachments. See (Annex A) Task Organization.

2. MISSION. Sweep and search operations in ZULU area from the SONG TRA BONG to the road running from 623008 to 660984. Destroy all Viet Cong facilities within the area. Kill or capture all Viet Cong found in the area.

3. EXECUTION

a. Concept of Operation. Land one company by LVT on the East bank of the SONG TRA BONG vicinity of 624999. Hold landing site with one platoon reinforced with one section of 106RR and block villages to the North. Seize and hold the high ground South of the road in GS 6399 and 6499 and establish blocking positions. Land two companies by helicopter in LZ BLUE vicinity 655986 and sweep West in sector to the SONG TRA BONG. Upon reaching SONG TRA BONG move to LZ PINK vicinity 630998 where two helicopter companies will be recovered and returned to positions in 3/3 sector. After recovery is completed the LVT landed company will recross the SONG TRA BONG to positions in 3/3 sector. VNAF will block at positions A and B. Annex B (Operation Overlay).

b. Company "L" (Rein)

1. Land at H-Hour on East bank of the SONG TRA BONG vicinity 624999.
2. Secure and hold landing site with one platoon reinforced by one section of 106RR Platoon.
3. Seize and hold high ground South of the road in GS 6399 and 6499.
4. Assist in sweep operations by blocking from North and Southeast at Position C.
5. Upon completion of helicopter recovery of sweep companies return to landing site, recross river in LVT and resume positions within 3/3 sector.
6. Assembly area for boarding LVT will be in vicinity of 575036.

c. Company "K" (Rein)

1. Land at L-Hour in LZ BLUE and secure landing zone.
2. Cover landing of Company "I".
3. Conduct search and clear operations towards the SONG TRA BONG in assigned zone.
4. Upon completion of sweep proceed to LZ PINK and secure same. Cover departure of Company "I".
5. Follow Company "I" to 3/3 sector by helicopter and resume assigned positions.

d. Company "I" (Rein)

1. Land in Landing Zone BLUE on order.
2. Conduct search and clear operations towards the SONG TRA BONG in zone.
3. Upon completion of sweep proceed to LZ PINK for helicopter lift to 3/3 sector and resume positions.

e. 3d Plat, Company "B", 1st AmTracBn. On order lift Company "I" across SONG TRA BONG. Provide one vehicle for mobile B&S. Provide two (2) vehicles after landing for resupply and evacuation from the river landing site. Remainder of vehicles attached to Company "L".

f. 3d Plat, Company "A", 3d TkBn. Support river crossing and subsequent search and clear operations from positions at 606996 and 617017. Be prepared to stop all small boat traffic at the mouth of the SONG TRA BONG.

g. 3d Plat, Company "A", 3d EngrBn. Attach one squad with mine detection equipment to each company. Support companies as required with demolitions assistance.

CONFIDENTIAL

h. 3d Plat, Company "A", 3d ATBn. Support river crossing and search and clear operations from vicinity grid coordinates, _____.

i. _____ Flat, Company " " 3d ReconBn. Provide guides to be helilifted with Company "K". Prior to D-Day reconnoiter exits from river crossing sites. Provide guides with leading LVT. Remainder of platoon not employed as guides will provide crossing site security upon landing of Companies "K" and "I".

j. Det. CI Team, FMFPAC. Establish one collection and evacuation point vicinity river crossing site on East bank. Establish second collection point vicinity 613020.

k. H&S COMPANY (-). Provide personnel for OP Group; FAC Teams with Companies "K" and "L".

1. Coordinating Instructions.

1. D-Day is 29 June 1965; H-Hour to be announced; L-Hour is one hour after H-Hour.

2. Companies "K" and "I" assemble vicinity LZ BOBCAT for helilift at L-1 hours prepared for 7 men heliteams.

3. Popular Force/VNAF personnel will join companies in assembly area.

4. Contact is right to left.

5. Deliver captured VC and VCS to Battalion Collection Point vicinity river landing site.

6. Rules of engagement per standard instructions. Be sure target is hostile prior to opening fire.

7. Submit SITREPS on landing and every 30 minutes thereafter.

8. Search all fishing boats for false bottoms, arms etc..

9. Village searches will be conducted by Popular Forces. Popular Forces will conduct all seizures and destruction.

4. ADMINISTRATION AND LOGISTICS

a. Civil Affairs

(1) Caches of rice and other useable products found in possession of suspected Viet Cong will be collected and turned over to the Civil Affairs Officer for redistribution to the local populace.

(2) Items of intelligence value will be turned in to the S-2.

(3) All civil affairs problems will be brought to the immediate attention of the Civil Affairs Officer.

b. Logistics

(1) General. Supplies will flow from the rear forward and resupply will be made upon request. Delivery will be made as near as possible to the requesting company.

(2) Supplies and equipment available.

- a. Class I - available as needed
- b. Class II - in hands of user
- c. Class III - available as needed
- d. Class IV - limited supply may be available
- e. Class V - available as needed
- f. Vehicles - Company Mules (6), 106 Mules (6), Mites (2) CO and S-3.

(3) Control and Distribution

a. Each unit will have two (2) Basic Allowances of ammunition in their possession.

b. Each unit will have one meal in the hands of the troops. Twenty (20) water cans will be carried on organic transportation within the companies.

c. Resupply will be upon request.

d. Responsibility for resupply rests with the Battalion S-4. Supplies will come from the Battalion CP area.

e. Air delivery will be made from the CP area to company positions.

f. Captured material will be handled in accordance with BnO 3800.1C.

(4) Evacuation and Hospitalization

a. Units will attempt to evacuate casualties to a central location for pickup vicinity river crossing site. If the casualty is in danger of losing life or limb helicopter pickups will be made and individuals will be taken to "B" Co, 3d MedBn. Less serious cases will be evacuated to the BAS at the river crossing site. See Operation Overlay.

(5) Service

a. Engineer assistance will be available in the objective area; other services will remain in the BSA.

CONTINUATION(6) Miscellaneous

a. H&SCo (-) will be in the location of the present CP. Administrative, Supply, and Motor Transport personnel will be responsible for the security of the present CP.

b. Normal arms and equipment w/c packs, helmets and armored vests will be worn.

5. COMMAND AND COMMUNICATIONS

- a. Communications - normal.
- b. CP (rear) remains at present location.
- c. CP initially airborne followed by landing in LZ BLUE.
- d. Colored smoke in accordance with Annex C.

 3d Bn (Rein) 3d Marines
 CHU LAI, VIETNAM
 100700H June 1965

3d Bn (Rein) 3d Marines After-action Report #4

Ref: (a) DivOpO 321-65

1. Unit: Company "K", 3dBn, 3dMar, 3dMarDiv(Rein), FMF

Strength: Units engaged 76men, two(2) LVT's, one (1) tank.

Time: 1230 hours, 9 June 1965

Place: Grid Coordinates 615008, Sheet 6757 II, Series L701, 1:50,000
 VIETNAM (CHU LAI, AREA).

Casualties: One (1) USMC KIA

Nature of Action: Meeting engagement while on a two platoon sweep.

2. At approximately 091130H Company "K" was directed to investigate the possibility of VC occupation of hill at Grid Coordinates 614009. The second platoon of Company "K" fanned out along a line extending from 612007 to 615007 and started slowly to search to the North. The third platoon of Company "K" fanned out in a line extending from 610010 to 614014 and started sweeping to the Southeast. When the sweeps were completed, the Marines moved to the river and commenced searching sampans at the waters edge. Just as the sampan search started a heavy burst of fire was received from the opposite side (East bank) of the SONG TRA BONG in the vicinity of GC 619010. A second burst of fire immediately followed, fatally wounding Cpl VAN GUNDY of the third platoon. Company "K" immediately returned fire on the enemy positions, and called in six rounds of 105mm WP. Approximately forty (40) young men were discovered hiding in the sampans and apprehended. The artillery fire seemed to dissuade the enemy from continuing the contest and Company "K" returned to their CP where the forty (40) VCS were interrogated and nine (9) VCS were forwarded to regiment. The rest were released as their papers were in order. During the aforementioned fire fight the USMC sustained one (1) KIA, one VC was seen to fall as a result of USMC small arms fire. Estimates of enemy strength was six to eight men armed with one (1) BAR, M-1's and Carbines. No assessment is presently available on results of friendly artillery. The enemy fired approximately 800 to 1000 SA rounds. Company "K" fired approximately 1100 small arm rounds, six (6) M-79 rounds, and two (2) 3.5" rounds.

3. Lessons learned;

(a) East bank of SONG TRA BONG is definitely hostile.

(b) Alternate means of communications (visual) should be provided for.

Radio communications between the Company Commander and this CP went down so he had no means of reaching his 81's or tanks. Present orders concerning the use of pyrotechnics in I Corps area allow none for local signals.

4. Matters requiring increased attention: It is felt that authority to call for supporting arms should be delegated to the commander on the scene as he is in the best position to judge what is necessary to reduce the enemy. By the time an officer reaches the grade of Captain he has received a good deal of training and experience and anything less than complete faith in his judgement seems a violation of special trust and confidence. It is understood that we are attempting to fight a compassionate war but when a commander sees his men fall as a result of enemy small arms fire it does not seem proper to deny him what supporting arms he feels he needs simply because we do not want to inflict casualties upon the population that allows the enemy to live among them. It is respectfully submitted that the Company Commander at the scene of the action be allowed to call the supporting arms he needs and if the FSCC's along this chain remains silent, the supporting fires be delivered without delay.

 CHU LAI, VIETNAM
 121515H June 1965

3d Bn (Rein) 3d Marines After-Action Report #5

Ref: (a) DivOpO 321-65

1. Unit: Companies "K" and "L", 3dBn, 3dMar, 3dMarDiv(Rein), FMF

Strength: Approximately twenty-one (21) USMC Officers, two (2) USN Officers, 395 USMC enlisted, and forty-five (45) PF/PAT enlisted.

Time: Duration of Operation 102100H to 111400H June 1965.

Place: Area enclosed by Grid Coordinates 60850195 - 61330187
 61680167 - 61550060 - 60000090

Casualties: None

Nature of Action: Search and clear

2. At approximately 102100H Company "L" departed the Bn CP at GC 56460436 and marched along the beach to the Southeast to take a blocking position from GC 61680167 to 61150192 to 60110117. Company "K" moved from their company positions in the vicinity of GC 607999 to a blocking position from GC 60110117 to 6069007 to 61550060. Both Companies were in position at 102300H. At 102315H one tank, two ONTO's, and one LVT departed the Bn CP for the objective area. The tank took up a position at GC 61680167 so that it could fire to the South along the SONG TRA BONG if the need should arise. The ONTO's were dispersed along Company "L" lines and the LVT was behind Company "L" positions with a mobile BAS inside. Once all units were in position they sat quietly waiting for first light. The only incident of note during the hours of darkness was the movement on the river of a sampan which was challenged, illuminated, and fired at with negative results. At first light the villagers were instructed to evacuate the hamlets; collection and screening points were established to receive them; and processing began. The original plan, as set up by CI personnel, was to process the villagers and then to sweep the village. At approximately 111030H it was obvious that time was becoming critical, consequently, the companies were ordered to commence sweeping. During the course of the sweep six (6) VCS were apprehended and forwarded to Regiment. No material or supplies were confiscated. Unconcealed tunnels and caves were discovered and a total of fifteen M-26 fragmentation grenades were expended while searching them. Nothing of interest was found. During the course of the operation around ten or fifteen rounds of incoming small arms fire was received. There were no shots fired by USMC personnel. There were no casualties. The operation secured at approximately 111400H. The companies returned to base. See Annex A (Operation Overlay).

3. Remarks

a. Some difficulty was encountered tying Companies "L" and "K" in once they were in position. Communications broke down and the Marines were reluctant to approach each other in the darkness.

b. The sampan may have been carrying evadees. By the time the sampan was observed it was quite close to the East bank of the river. This occurred at approximately 110230H. It seems reasonable to assume that it was not a fisherman breaking the 1900 curfew as his was the only sampan observed during the whole night. However, by the time the challenging, illuminating, and malfunctioning of the Cal. 50 MG was done, the sampan had escaped.

c. It is worthy of note that only one sampan was seen on the river during the night. Prior to this, the average nightly traffic was 20-25 sampans up river and 5-10 down river. Also there were no lights on the fishing nets, which is unusual. These events would indicate that the word had leaked out somehow.

4. Recommendations.

a. That more planning be devoted to this type of operation. With the complexities inherent to these operations, one day of planning is hardly adequate. A minimum of four days should be used for planning, coordination and possibly rehearsals. The time schedule should be precise. Contingencies should be provided for.

b. That the highest security clamp should be attached to these operations with only those people truly needing to know being informed. Absolutely no Vietnamese should be informed of the operations until the hamlet has been completely secured by USMC personnel.

Ref: (a) CivOpO 321-65

1. Unit: 3d Bn, 3d Marines (Rein) (-), 3dMarDiv(Rein)FMF

Strength: Approximately 28 USMC Officers, 2 USN Officers, 625 USMC
 enlisted, 31 USN enlisted, 35 Popular Force, VNAF, enlisted.

Time: Duration of Operation 290630H to 292100H June 1965

Place: Area enclosed by grid coordinates 620008 to 655994 to
 670970 to 620970

Casualties: Friendly: 4 KIA; 1 DOW, 6 WIA Enemy: 14 confirmed VC
 dead; 12 confirmed VC captured; 31 VC suspects captured.

Nature of Action: Search and clear

2. At 290630H Company "L" with attachments boarded LVT in the vicinity of the Battalion CP and departed for the objective area. At 0700H Company "L" went ashore at GC 632023 in the objective area and proceeded to their assigned blocking positions on the high ground vicinity GC 633997 to 640994 arriving in position at 0742H. At 0805H elements of Company "K" in 13 H-34 helicopters departed the Battalion CP area for LZ BLUE located at GC 652986. Company "K" was followed into the LZ by the Battalion Command Group and Company "I". At 0910H the helicopter lift was completed and Companies "I" and "K" formed on line to commence sweep operations. At 0852H Company "K" sighted two VC in bunker at 637986. An air strike was called with bunker destroyed. Company "K" at 1505H sighted three VCS, two carrying weapons vic 626991 and took them under fire. Negative results. Beach line searched and swept with negative results. Company "K" secured LZ PINK and waited orders to move by helicopter to Battalion CP area. Company "I" moved uneventfully to a North-South line 65 in zone. At about 1015 a UH-1E helicopter landed at 644974 and informed 3 VC were in immediate area. All were flushed, two rounds of SA fire at Company "I", one VC killed as he tried to escape by swimming river at 641972. Weapon not recovered due to silt in river bottom. Remaining 2 disappeared in brush to NW. of village at 641973. Search of village gave one waterproof bag with clothes, papers and money. Turned over to S-2 scouts. 2 prisoners taken from area of 639981. At 1145H Interpreter claims they are VC. Were hiding and very unhappy upon being discovered. Company continued move to Phase Line PEGGY arriving at about 291215H. After regrouping, 2 prisoners taken from 636975 and 4 from 683984 were added to Company POW compound. Additionally a burlap bag containing medical supplies and a modified, rusted, bolt operated rifle, less trigger group were turned in from search of THUONG HOA (2) at 634973. Small arms fire received from high ground at 627974 and low marshy swamp general vicinity 625975. Marines on high ground spotted several VC, returned fire and pursued to edge of SONG TRA BONG at about 1530H.

8 VC killed as they tried to swim river, bodies on sandy area vicinity 618978. Two (2) VC killed vicinity 624976. 24 POW's taken, 2 wounded. Three (3) individuals were in company of dead VC, hiding in swamp and trying to avoid contact with Marines after fire exchange. VC swimming river again dropped weapons several feet out in the river. This area is a useless swamp at this time. POW's definitely VC or VCS. At about 291415H, 2nd Platoon continued sweep in area. Small arms fire received from 623982. VC attempted again to swim river. Four (4) verified VC KIA. Again no weapons recovered. Eleven (11) POW's taken at 622982. Company "I" moved to landing zone at 631988 arriving at about 291710H. Company "I" helilift to Battalion CP at 565043 completed at 291830H. During lift helicopters received ineffective fire from village located 630001. Helicopters also received effective fire from vicinity 628993. One (1) helo hit. This area taken under fire by Company "K". No further enemy small arms received until last chopper, which was also hit by this fire. Company "K" completed helo lift at 1920H. Company "L" occupied their blocking position with no enemy contact. At approximately 1020H Lieutenant D. WAUCHOPE, platoon commander, 1st platoon, Company "L" left by LVT with an engineer detail of 4 Marines and a reinforced squad to search and blow caves located in vicinity of GS 620003 to rear of Co "L" CP. Upon debarking patrol started sweep of area. Received about 4 rounds of sniper fire. At approximately 1240H, the tunnel was located. One (1) engineer and one (1) fire team returned to the LVT to pick up demolitions. At this time the LVT had moved to where 3 mules, one with a 106RR had stopped from Company "K". While proceeding to LVT, the four men received sniper fire. Lieutenant WAUCHOPE and the rest of the detail returned back to where the firing was occurring. The detail returned to the LVT. Re-supplied with water and held up while artillery was firing in area. Six (6) men established positions under the orders of Lieutenant REARDON of Company "K". Company "K"s two (2) mules with 106RR and one (1) squad at 0915H with Lieutenant REARDON attempted to proceed on road located from 640002 to 657990. Numerous obstacles were encountered, one of which had to be blow by engineers at GC 656990. This group moved along road with much difficulty encountering many ruts and fences, large punjis and abutments. At 1100H at coordinates 626008 one man was wounded by sniper fire. And was evacuated by helicopter. An LVT was seen at 625009. This was the LVT with Lieutenant WAUCHOPE with the patrol. At approximately 1325H at GC 645003 PFC KATH was hit by sniper fire. PFC KATH, Weapons Platoon, "L" Company was attached to 1st Platoon that was providing security for the company CP. In addition, 8 LVT's were established in perimeter. One of the LVT's had been equipped to provide a mobile Aid Station. PFC KATH was WIA with a shot through the left side. He was evacuated by helicopter to the "B" Med. Lt WAUCHOPE's patrol proceeded back through some village houses and then into a rice paddie. As they proceeded through the rice paddie, the patrol was taken under fire from front, rear and flank. The men could not detect where the fire was coming from. Initial burst was about 15 rounds. The men took cover and received sporadic fire at 1430. PFC LEE and PFC TURNER were hit. The corpsman went forward to attend PFC LEE and started artificial respiration for chest wounds. PFC LEE died almost immediately. The Corpsman went to PFC TURNER and gave aid and then proceeded to carry him with another man to the patrols rear. The sniper fire had decreased.

One Marine was detailed to go back and get the LVT up to their position. The LVT took the KIA and WIA back to BAS at 645000. SSGT RUBADO, Platoon Sergeant, 1st Platoon, boarded an LVT and returned with a squad about 1600H. Four (4) LVT's were dispatched. Contact was made with Lieutenant WAUCHOPE. He boarded the other LVT's with the mules and troops and started back to Company CP. One (1) LVT threw a track. Defensive positions were established in order to repair the LVT. While working on LVT, two (2) LVT men were WIA by sniper fire. HM2 STILES attended to two (2) LVT men and was hit and killed. Around 1830H Lieutenant WAUCHOPE was checking positions and returned to LVT, entered over top rear and was hit. A Corpsman attended him. The LVT returned with the WIA's and Lieutenant WAUCHOPE died on the way back. Lieutenant LANGFORD was dispatched about 1830H with 21 men. He arrived about 1900H and shortly thereafter, they could not effect repair of the track. The order had been given to destroy the LVT. The LVT (B-18) was stripped of all gear, saturated with gasoline and hit with one (1) 3.5" WP round which ignited the vehicle. An additional round of HEAT was fired and at this time PFC JOHNSON was wounded in the left thigh with a piece of shrapnel from the HEAT round. PFC JOHNSON was standing approximately 120 meters from the LVT when the accident occurred. At approximately 2100H Company "L" returned aboard LVT's to Battalion area. It was necessary to leave behind three (3) mules, two (2) of which were destroyed.

3. Remarks

- a. Two (2) helicopters were not sufficient for emergency evacuation and resupply in an operation of this size. Four (4) helicopters could have adequately handled this requirement.
- b. More positive communications need to be maintained within units when operating over extended areas.
- c. Inadequate water resupply to Company "I" delayed the sweep slightly. This could be overcome by use of more helicopters.
- d. The mobile BAS mounted in an LVT was invaluable in handling casualties during the operation and continued use is recommended.
- e. Armed HULE's proved valuable in close in fire support and target acquisition. However, they were available for only a short period of time. Increased on station time for the HULE is necessary in operations of this nature.

Periodic Operations Report No. 3

Period covered 290800H May to 050800H June 1965

Ref: (a) RLT 4 OpO 202-65

1. OWN SITUATION AT END OF PERIOD. See Annex A (Situation Overlay)2. INFORMATION OF ADJACENT AND SUPPORTING UNITS

- a. See Annex A (Situation Overlay).
- b. BLT 1/4 is operating in a TAOR west of BLT 3/3 TAOR.
- c. BLT 2/4 is operating in a TAOR north of BLT 3/3 TAOR.
- d. Btry "C" 1st Bn 12th Marines is in direct support.
- e. Naval Gunfire is in general support.
- f. MAG 12 (-) is in general support.

3. OWN OPERATIONS FOR PERIOD

a. Infantry. Companies of the battalion were disposed as shown on Periodic Operation Report No. 2 at the beginning of the period and as shown on Annex A (Situation Overlay) at the end of the period. The whole reporting period was characterized by light, sporadic VC probes with no casualties to USMC personnel and no confirmed casualties to the VC. Probes by VC seem to be of a harassing nature rather than determined, objective type attacks. The day and evening of 29 May was relatively quiet with all companies going about their routine duties of improving their defensive posture. At approximately 0100 on 30 May a trip flare was ignited in front of Company "M". The Commanding Officer of Company "M" called for 81mm Mortar illumination and during the illumination an M-79 round was fired at a VC. A fire team was immediately dispatched to investigate possible enemy casualties while the word was passed along the line to "hold fire". One Marine did not get the word and fired another M-79 round at the outgoing fire team wounding two Marines. Both were evacuated to the Battalion Aid Station and one was returned to duty immediately after being treated for superficial wounds. The other was further evacuated to "B" Med for X-Ray of the leg. No further activity during the night. The Battalion sent a reconnaissance party to reconnoiter the new TAOR on the afternoon of 30 May and other than that, activity in the Battalion was routine and minimal. A few trip flares were tripped during the night and three shots were fired by U.S. Marine riflemen with negative results. On 31 May the Commanding Officer 3/3, his S-3, S-2, and Air Liaison Officer departed by helicopter for DANANG to be briefed by CG, 3dMarDiv, FMF. Company "L" moved to the Beach Support Area to relieve Company "I" who moved to the vicinity of the Battalion Command Post to take up perimeter positions. During the evening three VCS were seen to emerge from a small

building to the front of Company "M", fire three 81mm rounds into Company "M" command post, and withdraw. Mortar fire on 531 was called in with negative results. Artillery (105mm) registered in front of Company "M" positions. Intermittent small arms fire was received in the Battalion CP during the night. Illumination (81mm) and hand flares were fired intermittently during the night by U.S. Marines. On the morning of 1 June the CP commenced displacing to the position shown on Annex A (Situation Overlay). The Battalion Command Post shifted at approximately 1500 on 1 June and there was no enemy activity other than routine during the afternoon and evening. On the morning of 2 June Companies "K" and "M" moved out to positions shown on Annex A (Situation Overlay) and commenced establishing defensive positions. Company "I" realigned to positions shown on Annex A (situation Overlay) and commenced clearing civilians from purchased land. Major General WALT visited the Battalion Command Post for a briefing and inspection of the area on the afternoon of 2 June. During the evening of 2 June the Bn CP received intermittent small arms fire. Mortar 81mm Illumination was returned and M-79's were used with no confirmed VC casualties. On the morning of 3 June, Company "M" reported a fire fight to the South of their positions in the vicinity of BINH SON (GC 5992). No Marines from this battalion were engaged. Company "K" conducted search and clear operations, in conjunction with local forces, in HON BA (GC 6101) with negative results. Routine patrolling and sweeps of TAOR continued and the night was uneventful, with the exception of intermittent small arms fire on Company "I" positions. On the morning of 4 June, Company "K" conducted search and clear operations in conjunction with local forces, in the hamlet of TRUNG AN (1) in the vicinity of GC 5900 with negative results. Remainder of companies continued to improve their defensive positions during the day. The evening of 4 June was relatively quiet with two M-79 rounds being fired at a Viet Cong suspect in front of Company "I" positions with no confirmed enemy casualties. The morning of 5 June was quiet.

b. Field Artillery. Artillery fired illumination, registration, and harassing and interdiction fires throughout the reporting period.

c. Armored Units. A platoon from Company "B", 1st Amphibian, Tractor Battalion supported the BLT throughout the reporting period. AmTracs were used in various logistical functions and search and clear operations within the TAOR. One or more LVT's were attached to each company almost constantly. The 3d Platoon, Company "A", 3d ATBn, supported the BLT throughout the period and were deployed by sections most of the time supporting Companies "M" and "K" with intermittent tours as a CP reaction force. The BLT was supported by the 3d Platoon, Company "A", 3d Tank Battalion during the reporting period. The platoon was light two tanks due to various mechanical failures and the remainder of the tanks were attached to Company "K". They assisted in search and clear operations and defensive positions during the reporting period.

d. Reconnaissance Elements. The 3d Platoon, Company "D", 3d Reconnaissance Battalion performed reconnaissance and surveillance missions throughout the reporting period.

e. Aviation. HMM-161 provided transportation and reconnaissance support throughout the reporting period.

f. Engineer. Elements of the 3d Engineer Battalion assisted in construction of the new Command Post and repaired a bridge at GC 57659745.

4. Combat Efficiency. BLT 3/3 has an effective strength of 95% with two minor casualties, during the period, inflicted by friendly fire. One Marine has been returned to duty and the other is still at "B" Med. Combat efficiency remains excellent.

5. Results of Operations. There have been fewer indigenes returning to the purchased area. Harassing and probing actions upon this BLT have lessened.

6. Weather. It was clear and bright during most of the reporting period with scattered late afternoon showers. Moonrise was too late to be of any value to this BLT.

- c. BLT 2/4 is operating in a TAOR West of BLT 3/3 TAOR.
- d. Btry "C", 1st Bn, 12th Marines is in direct support.
- e. Naval gunfire is in general support.
- f. MAG-12 (-) is in general support.

3. OWN OPERATIONS FOR PERIOD

a. Infantry. Companies of this Battalion were disposed as shown on Periodic Operations Report No. 3 at the beginning of the period and as shown on Annex A (Situation Overlay) at the end of the period. The whole reporting period was characterized by light, sporadic VC probes with one KIA resulting to USMC personnel and no confirmed casualties to the VC. Probes by the VC seem to be of a harassing nature rather than determined, objective type attacks. The day and evening of 5 June was relatively quiet. Company "I" made a sweep of village vicinity coordinates 558029 and area in GS 5503 with negative results. All other companies went about their routine duties of improving their respective defensive posture. At approximately 2340 on 5 June Company "I" reported seeing three VCS vicinity coordinates 610005. Two rounds of 40mm M-79 were fired with negative results. At 0420 on 6 June Company "I" reported receiving two rounds of small arms fire and at 0645 Company "K" dispatched a platoon sized patrol to a hamlet vicinity of GC 580002. At 0745 Company "I" apprehended six (6) VCS and at 0845 three civilians were taken into custody. All were forwarded to collection points. At 1030 Company "I" swept grid squares 5204, 5304, 5303, 5403 and 5402. A Company "K" patrol sent out at 0645 returned at 1040 with negative results after sending a platoon sized patrol to a hamlet vicinity of GC 580002. At 1625 Company "I" reported picking up sixteen civilians in the above reported sweep, and turning them into the collection point. A house vicinity coordinates 542040 was burned which touched off a secondary explosion, possibly a grenade.

On 7 June Companies "K" and "M" commenced search and clear operations, in conjunction with local forces in Hamlets vicinity coordinates 613985, (3). 480 civilians were screened and two VCS were apprehended and delivered to the collection point. At 1400 the Commanding General, 3d Marine Division visited the Battalion CP. On 8 June at 0002 Company "M" reported movement vicinity coordinates 571958. Twenty rounds 7.62mm and three rounds of illumination were expended with negative results. At 1030 Company "I" completed a sweep of hamlet vicinity coordinates 573015, apprehending eight VCS and moving them to the collection point. At 1420 a sweep of hamlet vicinity coordinates 655015 was conducted with negative results. Between the hours of 0003 and 0330 on 9 June Company "K" was probed by five VCS. Four rounds of small arms fire were received and twelve returned plus 81mm illumination and HE were fired with negative results. A piece of clothing was found in the barbwire in area. At approximately 091130H Company "K" was directed to investigate the possibility of VC occupation of hill at grid coordinates 614009. The second platoon of Company "K" fanned out along a line extending from 612007 to 615007 and started slowly to search to the North. The third platoon of Company "K" fanned out in a line extending from 610010 to 614014 and started sweeping to the Southeast. When the sweeps were completed, the Marines moved to the river and commenced searching sampans at the waters edge. Just as the sampan search started, a heavy burst of fire was received from the opposite side (East bank) of the SONG TRA BONG in the vicinity of GC 619010. A second burst of fire immediately followed, fatally wounding Cpl VAN GUNDY of the third platoon. Company "K" immediately returned fire on the enemy positions, and called in six rounds of 105mm WP. Approximately forty (40) young men were discovered hiding in the sampans and apprehended. The artillery fire seemed to dissuade the enemy from continuing the contest and Company "K" returned to their CP where the forty (40) VCS were interrogated and 9 VCS were forwarded to regiment. The rest were released as their papers were in order. During the aforementioned fire fight the USMC sustained one (1) KIA, one VC was seen to fall as a result of USMC small arms fire. Estimates of enemy strength was six to eight men armed with one (1) BAR, M-1's and Carbines. No assessment is presently available on results of friendly artillery. The enemy fired approximately 800 to 1000 SA rounds. Company "K" fired approximately 1100 small arms rounds, six (6) M-79 rounds, and two (2) 3.5" rounds. At 0440 on the 10th of June, Company "M" received a light probe in the vicinity of coordinates 574962. One grenade and one hand illumination expended with negative results. At 2100 Companies "K" and "L" began moving into positions to conduct sweep operations of hamlets vicinity coordinates 612012. At 0225 11 June one sampan was seen moving on the river. It was challenged, illuminated and fired on with negative results. At 0625 the checking of sampans was started and at 0915 it was reported that PAT's were conducting searches among civilians and segregating them. At 1030 the sweep of hamlets vicinity coordinates 610010 was commenced with the apprehension of six VCS who were returned to the collection point. At the conclusion of sweep, Companies "K" and "L" moved to new designated MLR positions.

b. Field Artillery. Artillery fired registration and harassing and interdiction fires throughout the reporting period with the largest concentration being fired the evening of 11 June into GS 6405 and 6404.

c. Armored Units. A Platoon from Company "B", 1st Amphibian Tractor Battalion supported the BLT throughout the reporting period. AmTrac's were used in various logistical functions and search and clear operations within the TAOR. One or more LVT's were attached to each company almost constantly. The 3d platoon Company "A", 3d ATBn, supported the BLT throughout the period. On the evening of 11 June they fired using their indirect firing tables with good results from a position 1000 meters Southeast of the Battalion CP. The impact of their rounds were in GS 6405 and 6404. The BLT was supported by the 3d Platoon, Company "A", 3d Tank Battalion. The platoon was light one tank due to mechanical failure. Tanks assisted in search and clear operations and defensive measures during the reporting period.

d. Reconnaissance Elements. The 3d Platoon, Company "D", 3d Reconnaissance Battalion performed reconnaissance and surveillance missions throughout the reporting period.

e. Aviation. HMM-161 provided transportation and reconnaissance support throughout the reporting period.

f. Engineer. Elements of the 3d Engineer Battalion assisted in the placement of mines and performed additional services as requested throughout the reporting period.

4. COMBAT EFFICIENCY. BLT 3/3 has an effective strength of 95% with one KIA during the reporting period. Combat efficiency remains excellent.

5. RESULTS OF OPERATION. There have been fewer and fewer indigenes returning to the purchased area. Harassing and probing action upon this BLT have lessened to some degree.

6. WEATHER. It was overcast during most of the reporting period with scattered light and heavy afternoon showers.

Weekly Operation Summary #5

Period Covered 120800H to 190800H June 1965

Ref: (a) Div (Fwd) O 3100.1

1. Operations

a. General. During the reporting period it has been generally quiet. Companies have been going about their normal routine duties, and improving their respective defensive posture. Combat outposts are under construction vicinity coordinates 550996, 560996, 555008, 572017 and 583026. Personnel and equipment of attached armored units have continued to assist the Battalion as required. Attached artillery has fired harassing and interdiction fires as directed. Patrolling of the purchased area and maintaining surveillance on the SONG TRA BONG are being carried out by units of this Battalion.

b. Summary of Activities

- (1) Company "I" continued improving their respective defensive posture. At 131840H a reinforced squad and two medium tanks took up positions vicinity coordinates 612020 in an attempt to control river traffic on the SONG TRA BONG. Two platoons are manning outposts vicinity coordinates 550996, 560996, 572017 and 583026.
- (2) Company "K" continued improving their respective defensive posture.
- (3) Company "L" continued improving their respective defensive posture.
- (4) Company "M" is in regimental reserve and is engaged in improving defensive positions as required.

c. Statistics

Company "I"

- (1) Operations. At 131840H a reinforced squad and two medium tanks took up positions vicinity coordinates 612020 to endeavor to control river traffic on the SONG TRA BONG. At 131920H six boats landed vicinity coordinates 585028 offloading sixty to eighty people. Boats and people were checked out and all peacefully withdrew from the beach. At 131935H a sampan was sighted vicinity coordinates 615023. It was illuminated, challenged, three warning shots were fired, it failed to respond, and it was then sunk. At 141445H a flash type fire occurred on a M-274 vicinity coordinates 568036.

There was an explosion causing M-79 rounds and M-26 Fragmentation Grenades to be scattered about the area. There were no casualties and EOD was called into clear the area. Two platoons are manning outposts vicinity coordinates 550996, 560996, 572017 and 583026. The company continued to improve its defensive positions during the reporting period.

Company "K"

- (1) Operations. At 141707H eight (8) civilians were apprehended vicinity coordinates 575037 and were turned into the collection point. At 160730H a Marine was struck in the left hand by a round from an accidentally discharged .50 Caliber spotting rifle in the company position. The Marine in question lost four (4) fingers as a result of the accident. The company continued improving its defensive posture.

Company "L"

- (1) Operations. At 152215H a grenade was thrown into a "L" company position. Two Marines sustained minor injuries. Nine (9) rounds of .45 Caliber and 39 rounds 7.62mm ammunition were fired. A recon at 160630H revealed negative results. At 160910H eleven (11) VCS were apprehended vicinity coordinates 555022 and 559021. Three (3) of those apprehended were delivered to the collection point. At 180815H eight (8) VCS were sighted in front of the company positions. They were challenged, they ran were fired on which resulted in the wounding of one (1) VCS with seven (7) being apprehended. At 181045H another group of VCS were challenged, they also ran, were fired on which resulted in one (1) VCS being killed and one (1) wounded with eight (8) VCS being apprehended. The company continued improving its defensive posture.

Company "M"

- (1) Operations. During the reporting period "M" Company has been in regimental reserve and is engaged in improving defensive positions as required.

Company "I"

- (2) Patrols. A squad size patrol was dispatched at 170600H and returned at 170930H. Its route was along coordinates 575014, 580012, 587008, 587017, 579020 to 570019. Negative contact. A squad size patrol was dispatched at 180600H and returned at 181000H. The route of the patrol was along coordinates 595020, 586008, 574013, to 569018. Negative contact. A squad size patrol departed 190900H and due to return at 191200H.

The route of the patrol was along coordinates 570017, 569011, 573008, 569998, 575979, 573957, 567959, 569965, 564979, 560980 to 561997. No report has been received from this patrol.

Company "K"

- (2) Patrols. A squad size patrol, departed vicinity coordinates 566025 at 170730H and returned at 171030H. Its route was along coordinates 569019, 578022, 577033 to 566025. Negative contact. A squad size patrol departed vicinity coordinates 571032 at 181300H and returned at 181600H. The route of the patrol was along coordinates 571024, 580030, 578033 to 571032. Negative contact. A squad size patrol departed vicinity coordinates 574035 at 190700H and returned at 190830H. The route was along coordinates 578030, 575030, 570021 to 569024. Negative contact.

Company "L"

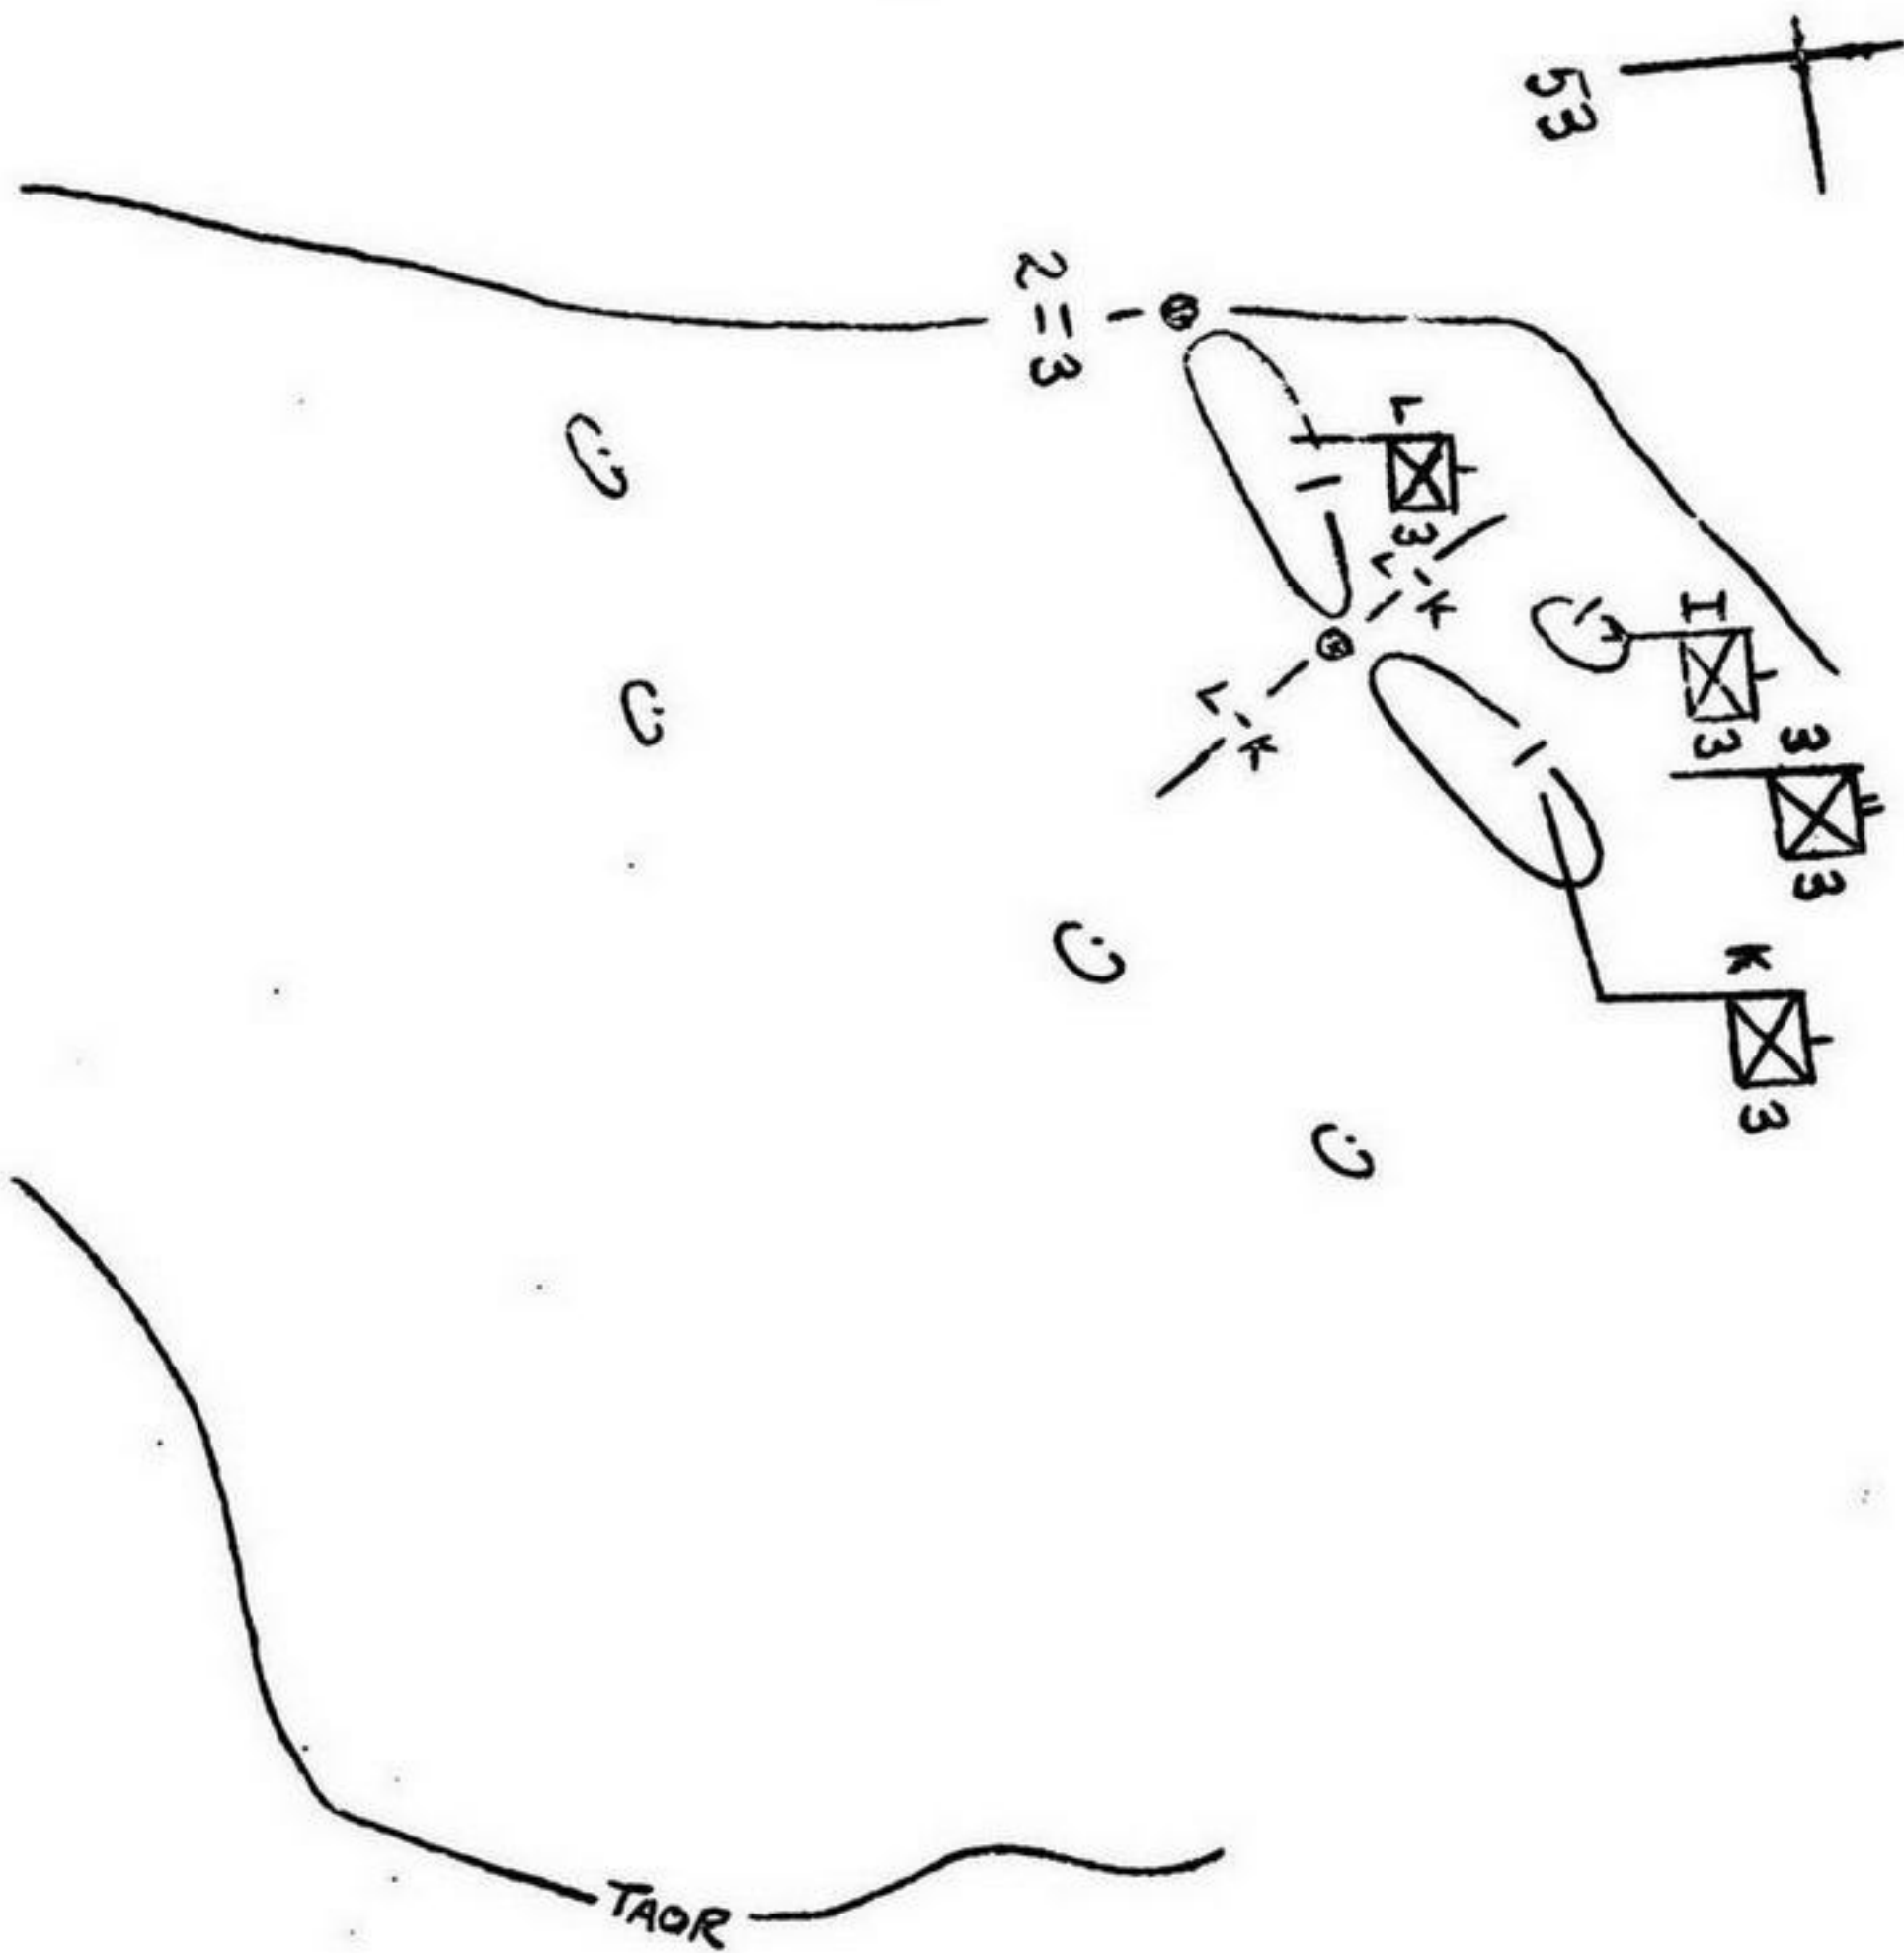

- (2) Patrols. A squad sized patrol, departed vicinity coordinates 548028 at 171230H and returned at 171000H. Its route was along coordinates 553025, 557022, 559020, 549023, 546026 to 548028. Negative contact. A squad sized patrol departed vicinity coordinates 541029 at 180900H and returned at 181500H. The route of the patrol was along coordinates 548045, 561010, 559006, 540020 to 541029. A squad size patrol will depart vicinity coordinates 556026 at 191400H and is due to return at 191900H. Its route will be along coordinates 570017, 564019 to 556026.
- (3) Casualties. Two (2) Marine WIA. Two (2) VCS wounded and one (1) killed.
- (4) Weapons Captured. None
- (5) Weapons Lost. None
- (6) Artillery
- (a) Missions Fired. From 122100H to 130400H Battery "C", 1st Bn, 12th Marines fired harassing and interdiction fires vicinity coordinates 607001. From 162200H to 170300H harassing and interdiction fires were delivered vicinity coordinates 634971, 641032, 626971.
- (b) Rounds Expended. 182

2. Training

- a. General. The battalion underwent extensive practical application of the construction of defensive positions to include the building of bunkers; laying of protective, tactical, and supplementary wire and clearing of fields of fire. Training received incident to patrolling included general aspects of population control measures.
- b. Problems. No training problems were encountered during the reporting period.

Weekly Operations Summary #6

Period Covered 190800H to 260800H June 1965

Ref: (a) Div (Fwd)O 3100.1

1. Operations

a. General. During the reporting period it has been generally quiet. Companies have been going about their normal routine duties, and improving their respective defensive posture. Combat outposts are being manned vicinity coordinates 560996, 572017 and 583026. The COPL was 25%, and the FEBA 35% completed when further construction was suspended on 25 June. Personnel and equipment of attached armored units have continued to support the Battalion as required. Attached artillery has fired precision registration and has registered concentrations. Aggressive patrolling from company to fire team has been carried on throughout the reporting period. At 251635H units of 3d Tank Bn and 106mm Platoon, H&S Company 3/3 conducted a firing exercise impacting vicinity coordinates 644053. At 252100H two (2) tanks and a squad from Company "I" took stations vicinity coordinates 612020 to check traffic on the SONG TRA BONG. Eight (8) boats searched with negative results.

b. Summary of Activities

- (1) Company "I" continued to improve its defensive posture. Outposts #1, #2, #3 vicinity coordinates 560996, 572017 and 583026 are being manned. Aggressive patrolling both during the day and at night was conducted. At 252100H two tanks and a squad took stations vicinity coordinates 612020 to check traffic on the SONG TRA BONG. Negative results.
- (2) Company "K" continued to improve its defensive posture. Aggressive patrolling both during the day and at night was conducted.
- (3) Company "L" continued to improve its defensive posture. Aggressive patrolling both during the day and at night was conducted.
- (4) Company "M" is in regimental reserve and was engaged in improving defensive positions as required.

c. Statistics

(1) Operations

- (a) Company "I". Outposts #1, #2, #3 vicinity coordinates 560996, 572017 and 583026 are being manned. At 210155H, vicinity coordinates 587028 fifteen (15) VCS were encountered, six (6) rounds small arms fired with illumination and three (3) received. Negative results. At 220710H a Marine was evacuated by helicopter from vicinity coordinates 550996. The evacuee had contracted pneumonia. At 221000H four rounds of small arms fire were heard from vicinity coordinates 582028. Investigation of the area proved negative. One Vietnamese male was apprehended At 221030H vicinity coordinates 578025. Suspect was moving from the direction of the beach. He was forwarded to the collection point. Aggressive patrolling was carried on throughout the reporting period. At 252100H one squad was positioned vicinity coordinates 612020 to check traffic on the SONG TRA BONG. They were supported by two (2) medium tanks. Eight (8) boats were searched with negative results.
- (b) Company "K". At 240900H ten (10) Vietnamese were sighted vicinity coordinates 558044, apprehended and turned into the collection point. Aggressive patrolling was carried on throughout the reporting period.
- (c) Company "L". At 200715H fifty-one (51) Vietnamese were apprehended vicinity coordinates 542036. No problems were encountered in the apprehension all were taken to the collection point. Aggressive patrolling was carried on throughout the reporting period.
- (d) Company "M". During the reporting period Company "M" has been in regimental reserve and is engaged in improving defensive positions as required.

Weekly Operations Summary #7

Period Covered 260800H June to 030800H July 1965

Ref: (a) Div(Fwd)O 3100.1

1. Operations

a. General. During the reporting period it has been generally quiet. Companies have been going about their normal routine duties, and improving their respective defensive posture as necessary. Combat outposts are being manned vicinity BS 560996, BT 572017 and BT 583026. The COPL is 25%, and the FEBA 35% complete. Further construction has been suspended. Shortages of all types of wire, sandbags and shoring material as well as a shortage of heavy equipment for grading exists. Personnel and equipment of attached armored units have continued to support the Battalion as have attached units of artillery. Aggressive patrolling from company (-) to fire team has been carried on throughout the reporting period. During the period 290630H to 292100H June 1965 this Battalion conducted a search and destroy operation in an area enclosed by BS 620008 to BS 659994 to BS 670970 to BS 620970.

b. Summary of Activities

- (1) Company "I" continued to improve its defensive posture. Outposts #1, #2 and #3 vicinity coordinates BS 560996, BT 572017 and BT 583026 are being manned. Aggressive patrolling both during the day and at night was conducted. During the period 290630H to 292100H June 1965, Company "I" participated in a battalion search and destroy operation.
- (2) Company "K" continued to improve its defensive posture. Aggressive patrolling both during the day and at night was conducted. During the period 290630H to 292100H June 1965, Company "K" participated in a battalion search and destroy operation.
- (3) Company "L" continued to improve its defensive posture. Aggressive patrolling both during the day and at night was conducted. During the period 290630H to 292100H June 1965, Company "L" participated in a battalion search and destroy operation.
- (4) Company "M" is in regimental reserve. During the period 290630H to 292100H June 1965 Company "M" manned the Battalion FEBA while units participated in a battalion search and destroy operation.

c. Statistics(1) Operations

- (a) Company "I". Outposts #1, #2 and #3 vicinity BS 560996, BT 572017 and BT 583026 are being manned. At 290830H, Company "I" was lifted into LZ BLUE located at BS 652986. The lift was completed at 290910H and Company "I" along with Company "K" formed on line to commence sweep operation. Three (3) VCS were flushed out and one (1) VC was killed as he tried to escape by swimming a river at BS 641972. No weapon was recovered due to silt on river bottom. Two (2) prisoners were taken at BS 639981. The company continued to move and arrived at PL PEGGY at 291215H. After regrouping two (2) prisoners were captured at BS 636975 and four (4) captured BS 683984. Additionally, a burlap bag containing medical supplies and a modified, rusted, bolt action rifle (less trigger group) were uncovered in a search of THUONG HOA (2) at BS 627974 and BS 625975. VCS were spotted, pursued and eight (8) VC were killed as they tried to swim river at BS 618978. Two (2) additional VC were killed at BS 624976. Twenty-four (24) VCS were taken prisoner two (2) of whom were wounded. Small arms fire was received from BS 562982. VC attempted to swim river and four (4) were killed. Eleven (11) prisoners were taken at BS 622982. Company "I" moved to landing zone at BS 631988 arriving at 291710H, and were lifted to BT 565043. The lift was secured at 291830H.
- (b) Company "K". At 290805H elements of Company "K" landed in LZ BLUE located at BS 652986 at 290802H two (2) VC were sighted in a bunker at BS 637986. An air strike was called with the bunker being destroyed. At 290910H the helicopter lift completed and Company "K" in conjunction with Company "I" formed a line to commence sweep operations. At 291505H, three (3) VCS were sighted at BS 626991. They were taken under fire with negative results. The beach line was searched and swept with negative results. Company "K" secured LZ PINK. The helicopter lift of the company was completed at 291920H.
- (c) Company "L". At 290630H, Company "L" with attachments boarded LVT's and departed for the objective area. At 290700H, the first LVT's went ashore at BT 632023 in the objective area and proceeded to their assigned blocking positions on the high ground at BS 633997 to BS 640994 arriving in position at 290742H. No enemy contact had been made. At approximately 291020H, the platoon commander, 1st platoon, Company "L" left by LVT with an engineer detail of four (4) Marines and reinforced squad to search and blow caves located in vicinity of BS 620003.

Upon debarking, the patrol started sweep of area and received about four (4) rounds of sniper fire. At approximately 291240H, the tunnel was located. One (1) engineer and one (1) fire team returned to the LVT to pick up demolitions. While proceeding to the LVT, the four (4) men received sniper fire. Lieutenant WAUCHOPE the platoon commander, and the rest of the detail returned back to where the firing was occurring. The detail returned to the LVT, resupplied with water and held up while artillery was firing in area. Lieutenant WAUCHOPE's patrol proceeded back through some village houses and then into a rice paddy. As they proceeded through the rice paddy, the patrol was taken under fire from front, rear and flank. The men could not detect where the fire was coming from. Initial burst was about 15 rounds. At 291430H the men took cover and received sporadic fire. One Marine was detailed to go back and get the LVT up to their position. The Platoon Sergeant, 1st Platoon, boarded an LVT and returned with a squad about 291600H. Four (4) LVT's were dispatched. Contact was made with Lieutenant WAUCHOPE. He boarded the other LVT's with the mules and troops and started back to Company CP. One (1) LVT threw a track. Defensive positions were established in order to repair the LVT. While working on LVT, two (2) LVT men were hit by sniper fire. They could not effect repair of the track. The order had been given to destroy the LVT. The LVT (B-18) was stripped of all gear, saturated with gasoline and hit with one (1) 3.5" WP round which ignited the vehicle. An additional round of HEAT was fired.

- (d) Company "M". During the reporting period Company "M" has been in regimental reserve. During the period 290630H to 292100H June 1965 the company manned the Battalion FEBA while units participated in a battalion search and destroy operation.

PATROL REPORT

KILO
HOA BA
030730H June 65

3RD PLATOON, CO "K", 3/3

SERIES L701, SHEET 6757 II

1. (1) PLATOON PLUS 20 P.F.
2. COVERING FORCE FOR SEARCH AND CLEAR OPERATION BY P.F.
3. 0730H
4. 0930H
5. REFER TO FRAG ORDER # 22
6. AT 0800H VIC COORD 623013, ENEMY STRONG POINT
7. PATROL ENTERED VILLAGE AT 615007. FOLLOWED SHORELINE TO EAST, NORTH TO 615016. TURNED WEST TO 615016. TURNED SOUTH AND WALKED WEST SIDE OF VILLAGE TO 615007. 3RD PLATOON COMMANDER STATES THAT P.F. DID NOT SEARCH OR CLEAR ANY HOUSES ON FIRST ENTERING VILLAGE THE P.F. WALKED THROUGH TOWN. P.F. PLATOON COMMANDER INFORMED 3RD PLATOON COMMANDER THAT HE HAD CHECKED PORTIONS OF THE VILLAGE ON NIGHT OF 2 JUNE, AND IT WAS UNECESSARY TO SEARCH AND CLEAR. ON RE-ENTERING FROM THE NORTH, P.F. ENTERED HOUSES AND SOCIALIZED WITH PEOPLE THEREIN WHEN P.F. ENTERED FROM NORTH, THERE WERE 20 MEN IN THE PLATOON. WHEN THEY REACHED THE SOUTHERN END OF TOWN, THERE WERE SIX (6) MEN LEFT PLUS THE PLATOON COMMANDER.
8. NO CONTACT
9. NONE
10. P.F. NOT EFFECTIVE. POOR LEADERSHIP, NO CONTROL.
LET U.S. MARINES SEARCH AND CLEAR.
VILLAGERS ARE AFRAID OF U.S. MARINES.
11. THERE WERE NO ENEMY LOCATED IN STRONG POINT MENTIONED.
U.S. MARINES WOULD BE FAR MORE EFFECTIVE ON THESE OPERATIONS WERE THEY ALLOWED TO SEARCH AND CLEAR.

PATROL OBSERVED ABOUT 20 HEAD OF CATTLE IN VICINITY OF CHECK POINT ONE. 3 VIETNAMESE WERE OBSERVED CROSSING ROUTE # 1 NEAR CHECK POINT # 1, GC CHECK POINT 1 546024. SAND DUNE WAS ON LEFT ON PATROL ROUTE, LEVEL ON RIGHT. THE PATROL STOPPED IN VICINITY OF GS 557014 TO SEARCH OUT A BURNED VILLAGE. THEY OBSERVED TEA BEING BOILED OVER OPEN FIRE AND (2) BASKETS OF RICE AND (1) BASKET OF SMALL SQUASH. AT THIS POINT A VIETNAMESE WAS OBSERVED AND THE SQUAD WAS DEPLOYED FOR A THOROUGH SEARCH OF AREA. AT THIS POINT PFC GARCIA FIRED (1) .45 CAL ROUND IN THE AREA AFTER YELLING TO A VIETNAMESE TO HALT. PFC PAUL SAW TWO VIETNAMESE RUNNING AND FIRED 6 ROUNDS, KILLING ONE VIETNAMESE GIRL AND WOUNDED ONE VIETNAMESE BOY. REPORT OF THE SHOOTINGS IS BEING PREPARED AS FORMAL INVESTIGATION BY MAJOR KENNINGTON.
8. NO MARINES WOUNDED OR KILLED.
9. GOOD
10. GREATER EMPHASIS PLACED UPON RULES OF ENGAGEMENT. THERE IS A DEFINATE NEED FOR BETTER CONTROL AT ALL TIMES. IT IS RECOMMENDED THAT THE MP'S WHO PATROL ROUTE # 1 BE GIVEN A SPECIFIC MISSION TO APPREHEND VIETNAMESE ALONG ROUTE # 1 WHO ARE INSIDE THE WIRE AREA NEARBY ROUTE # 1. ROUTE # 1 IN VICINITY OF GC 550019 IS A GATHERING PLACE FOR VIETNAMESE.

RECON/COMBAT PATROL

SERIES L701, SHEET 6757 III

1. (1) SQUAD, COMPANY "L", 3/3
2. TO RECON AREA AND DETERMINE IF ANY VIETNAMESE/VC ARE LIVING IN RUINS OF VILLAGE AT COORD 551019. BE PREPARED TO RETURN FIRE UNDER THE RULES OF NIGHT TIME ENGAGEMENT.
3. 2015H
4. 0115H
5. SEE OVERLAY

6. AT 2230H VIC COORD 551019, NO VIETNAMESE/VC ACTIVITY. APPEARANCE OF AREA FOR LOCAL WOOD CUTTING. BUNDELED WOOD STILL IN AREA.

AT 2300H VIC COORD 551012, OCCUPIED VILLAGE. NOTED LIGHT IN ONE HUT AS THE AREA WAS APPROACHED. LIGHT WENT OUT AS PATROL PROCEEDED TO CHECK IT OUT. CATTLE AND WATER BUFFALO NOTED IN THE AREA. MANY WELL BEATEN TRAILS LEADING OUT OF VILLAGE INTO THE FOOTHILLS. THOUGHT THAT THE LIGHT WAS VERY UNUSUAL AT THE TIME OF THE NIGHT.

AS PATROL PROCEEDED FROM CP #2 ALONG PRESCRIBED ROUTE IT ENCOUNTERED HEAVY UNDERGROWTH ALONG FOOTHILLS IN GS 5500.

AT 0045H VIC COORD 542019, NO ACTIVITY. APPEARED TO BE A WOOD CUTTING AREA.

BETWEEN IP AND CP #1 - MOSTLY FLAT TERRAIN WITH PROMINENT RICE PADDIES. INCLIMATE WEATHER HAD MADE SOME OF THE PADDIES KNEE DEEP WITH WATER WHICH MADE MOVEMENT SLOW. ALONG RETURN ROUTE THE TERRAIN TENDED TO BE MORE HILLY AND MORE HEAVILY VEGETATED.

7. AT APPROX 2230H HEARD WHAT WAS THOUGHT TO BE A FIRE FIGHT TO THEIR RIGHT AND WELL TO THEIR FRONT. ALSO NOTED MUCH ILLUMINATION. CONCLUDED TO BE EITHER ARVN OR SOME OTHER UNIT ENCOUNTERING ENEMY.
8. NONE
9. CONDITION OF PATROL WAS GOOD. NO KIA OR WIA.

10. THAT $\frac{1}{2}$ HOUR RADIO CHECKS NOT BE MAINTAINED BECAUSE OF TACTICAL SITUATION. RECOMMEND THAT COMMUNICATIONS BE MINIMIZED AND BE MAINTAINED ONLY AT CHECKPOINTS OR WHEN SITUATION DICTATES.

THAT MORE TIME BE ALLOTTED FOR NIGHT PATROL OF THSI TYPE TO ALLOW FOR PROPER MOVEMENT AND THOROUGHNESS OF CARRYING OUT MISSION.

RECOMMEND A LAYOUT PATROL IN AREA OF CHECK POINT # 2 WITH MISSION OF OBSERVING CIVILIAN ACTIVITY AT NIGHT. ALSO RECON OF TRAILS LEADING OUT OF VILLAGE AT COORD 551014 SHOULD BE ACCOMPLISHED DURING DAYTIME.

250730H JUNE 65

RECON/COMBAT PATROL

SERIES L701, SHEET 6757 III

1. 13 MAN SQUAD, RADIOMAN AND CORPSMAN, COMPANY "L", 3/3
2. A RECON/COMBAT PATROL TO RECON DESIGNATED AREA AND NOTE ANY UNUSUAL VIETNAMESE/VC ACTIVITY AND BE PREPARED TO CONDUCT COMBAT IF NECESSARY UNDER THE RULES OF NIGHT ENGAGEMENT.
3. 242015H
4. 250315H
5. SEE OVERLAY
6. AS FAR AS VIETNAMESE/VC ACTIVITY IS CONCERNED, THERE WAS NO ACTIVITY (UNUSUAL OR OTHERWISE) NOTED ALONG THE PATROL ROUTE. THE VILLAGES WERE QUIET EXCEPT FOR A FEW ANIMALS AND NO UNUSUAL LIGHTS OR FIRES WERE SPOTTED. THE TERRAIN ON THE ROUTE OUT WAS GENERALLY HILLY, COMPOSED MOSTLY OF SMALL SAND DUNES AND SMALL WOODED AREAS. ON THE RETURN ROUTE THE TERRAIN WAS RUGGED AND HEAVILY UNDERBRUSHED IN AREAS. WAIST DEEP STREAM CROSSED VIC COORD 554985.

TWO DRAWS, ONE 25' AND ONE 35' DEEP WERE ENCOUNTERED IN VIC COORD 551969 AND 525963. CHECKPOINT # 3 WAS LOCATED RIGHT IN A VILLAGE THAT IS OCCUPIED BY VIETNAMESE CIVILIANS. RADIO CONTACT LOST AFTER REACHING CHECKPOINT # 4. NO PEOPLE WERE OBSERVED AT ANY TIME.
7. NONE
8. NONE
9. GOOD
10. IT IS FELT THAT A SQUAD SIZE PATROL IN THE TERRAIN AND ON A PATROL OF THIS LENGTH IS INADEQUATE.

7. Civil Affairs - Military Government

a. During this period cholera vacine has been requested and received from Quang Ngai province. Within the village of Binh-Sa there are several reported cases of cholera and in the very near future the vacine received, some 550 units, will be distributed.

b. On 22 June sick-call was held in the hamlet of Vinh-An (2), village of Binh-Sa and approximately 200 civilians were treated.

c. An excursion was planned for 21 June to the three villages within our TAOR to coordinate with the village chiefs for weekly sick-calls. This trip was postponed because the district chief, Captain LONG, was unable to accompany the patrol.

d. At this date the district chief's position is somewhat unsure. As he has been officially reprimanded by Quang Ngai for an unseccessful military operation on 22 June. It is rumored that he will be relieved shortly. This instability is presently making liaison with Binh-Son difficult.

8. Personnel Procedures

a. Nothing to report.

9. Interior Management

a. Nothing to report.

10. Civil Employment

a. There are no civilians employed by this battalion.

11. Miscellaneous

PART I

Rural ReconstructionClearing Operations

☒ Yes ☐ No 1) Has the unit participated in any clearing or reclearing projects since the last reporting period? If so where?

A search and clear operation took place during the period 102100H to 111400H June 1965 within the hamlets of Vinh-An (1), Vinh-An (2) and Hai-Ninh in the village of Binh-Sa district of Binh-Son.

2) If answer to 1 above is yes, check military civic action projects started in area.

<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Immediate assistance to injured individuals
<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Temporary repairs to damaged structures
<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Minor repairs to roads and bridges
<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Transportation and distribution of relief supplies
<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Improvement of area sanitation
<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Any other similiar projects (descirbe)

If answer to any of the above is yes - describe in concise detail

During this operation, involving two rifle companies, approximately one half of our medical section and one battalion surgeon, aided by a MED CAP team set up a facility for treating the sick and injured of the area. During the morning and early afternoon of 11 June 1965, approximately 925 civilians were seen and treated.

☒ Yes ☐ No Were you able to assess what the people's reaction to the projects and U. S. Marine Corps presence in general? If so describe.

The people accepted the Marines' presence and welcomed the medical aid.

X Yes ___ No

During operations were troops of your unit well disciplined and behaved? If not, list any specific "incidents" and what was done to remedy situation.

X Yes ___ No

Were psy/war techniques employed by unit during clear or reclearing operations? (If pamphlets or leaflets distributed describe source and content. Was Division Intelligence contacted before dissemination of such material.) Also include use of loudspeakers, reading of proclamations or messages.)

Interpreters w/loudspeakers were used to inform the population of what was taking place. In this manner over 1200 civilians were handled smoothly.

X Yes ___ No

Were you able to assess results of above techniques? If so, describe.

If it is necessary in an operation of this size to search a large number of civilians either more PF's must be provided or Marines should be permitted to do the searching,

X Yes ___ No

As a result of projects started have people volunteered either general or specific information concerning VC activities. If yes, describe.

On several occasions we have been informed of specific movements of VC i.e. by basket boat across the SONG TRA BONG at such and such a time.

☒ Yes ☐ No

Has source and information been passed to appropriate S-2 channels. (If no - Why?)

☒ Yes ☐ No

Do people understand that their cooperation in giving information is expected in return for civic-action projects? If no, what steps are being taken to communicate this?

☒ Yes ☐ No

Was coordination effected with the GVN units before clearing or reclearing operations. If so, which ones?

☐ I don't know☐ 1st or 2nd Division☐ Da Nang Special Sector☒ Province, district or village chief

Which of the following GVN units accompanied you during your operations.

☐ ARVN☐ Regional Forces☒ Popular Forces☐ National Police☒ Peoples Action Teams☐ Civil Affairs - Civic Action Teams☐ Civilian Advisors☒ Translator Teams

(ID CAP)

None of the above

Yes ☒ No

Did trained GVN Police interrogators accompany the clearing unit? If so, describe their activities.

If answer to above is yes, to what extent were their intelligence activities coordinated with local authorities?

Yes ☒ No

Did trained GVN teams accompanying your unit conduct hamlet surveys? (If so, were you able to assess the results)

If suspects and prisoners were gathered or captured, what disposition of them was made?

6 VCs were picked up and delivered to 4th Marines collection point.

☒ Yes ☐ No

Did you complete any Civic Action Projects during the reporting period? If so, describe.

During the afternoon of 27 June 1965 a medical section from this battalion, aided by two Vietnamese nurses and two Vietnamese medic teams, inoculated approximately 740 civilians in the hamlet of Trúng-An village of Binh-Sa. Eight days earlier we had learned through the district chief that several cases of cholera had broken out in Trung-An and the vaccine was delivered to us through the Province headquarters at Quang-Ngai.

☐ Yes ☒ No

Has work been halted on any project that has been promised or started? If so, Why? (If lack of supplies or materials indicate wheather or not parent unit or division has been notified and what result.)

Other than immediate aid to injured mentioned above which of the below listed People to People Projects were initiated (give location)

☒ Yes ☐ No Medical Aid Station☒ Yes ☐ No Distribution of food, candy☒ Yes ☐ No Distribution of books, toys☒ Yes ☐ No Distribution of salt, soap or other scarce commodities☐ Yes ☒ No Other

All of the above projects have been initiated in the hamlets of Trung-An, village of Binh-Sa.

Describe the reaction of people of above projects.

Medical aid, in all cases, has been received with sincere gratitude. Food, candy and toys have also been very well received.

☒ Yes ☐ No

Were supplies distributed directly through hamlet, village, or district chief? If not, describe how they were distributed.

☒ Yes ☐ No

Were items given, actually received by the intended recipients? If not, why?

☒ Yes ☐ No

Was U.S. Army Sub-Sector Advisor coordinated with during initiation of Civic Action - People to People Projects?

☐ Yes ☒ No

Was any Civic Action - People to People Projects initiated by your unit ~~that the~~ ^{and the} Sub-Sector Advisor recommended not be done? (If answer is yes, describe projects and reason for proceeding.)

List any military Civic Action - People to People Projects you believe are needed in your area. Describe what action is being taken on such projects.

Blackboards are needed for the schools in the district, H&S Company of this battalion is presently constructing four blackboards.

Roads and bridges within the district need improvement and reconstruction. We are presently awaiting availability of engineer personnel to undertake projects of this nature.

PART II

Securing Phase

This battalion is presently not within a secure area.
